### "TOP GUN" DAN

Daniel Sandercock, member of Pine Grove Gun Club, former resident of Pine Grove and now of Echuca, won the open division at both the NSW ICORE State titles held 19 & 20 August at Grafton, and the Victorian ICORE State titles on 9 & 10 September in Bendigo. ICORE (International Confederation of Revolver Enthusiasts) is a pistol match for revolvers involving speed and accuracy. The Victorian title is number three for Dan who won in 2011 and 2013.

*Above : Daniel's Third win of the Victorian State Title*

*Left : NSW ICORE State Title*

Dan, who is busy running his business Rich River Truck Repairs, has a wife and three young children who keep him on his toes, finds shooting good stress relief, and has enjoyed being a member of the great Pine Grove Gun Club for about 20 years. The next challenge? It's off to compete in Queensland in November.

Hello again, Everyone.

As we look back over a century, and check our local newspapers to learn what was happening early in 1917, we read about the differences in seasonal conditions experienced here and in Europe, where many young locals had been sent to fight in the First World War. Locally, the weather was fine and the harvest had been a good one, despite the presence of mice in plague proportions. In France, however, as written in a letter sent by Private Roland Hanson to his parents in Ballendella, it was bitterly, freezing cold, with soldiers fighting in trenches "up to their thighs in water." By late February, Rochester's *Express* reported that some men at the front were suffering "trench feet"; a very painful condition caused by standing constantly in water. For some, recovery could take a month but for others, the only option was amputation.

As the war went on, the *Express* appeared to focus more on local news. Reuters reports from overseas were less extensive, and news from the war front more often came in the form of letters from locals who were stationed there. People in our district may have been more inclined to read war news from *The Weekly Times*, which each week published quite lengthy articles written by war correspondents, C E W Bean or Keith Murdoch. Like the letters from the fighting forces, these articles took some time to reach Australia so that an item penned in London by Keith Murdoch, in mid-November 1916, was not published locally until mid-January. It told of heavy losses suffered by Australian troops fighting on the Somme, of the extreme discomfort they experienced in the trenches due to the severity of the European winter, and of the "supreme effort" being made by the Germans to hold their position.

Later in January came war correspondent Charles Bean's account of Christmas and New Year, "not without some sparks of brightness", spent by Australians on the western front. He felt this was due largely to the care the officers showed for the well-being of their men, but he had high praise for the part played by the Australian Comforts Fund. In particular, those Australian soldiers in hospitals near the front, and even the "British Tommies lying in beds next to them", each received a Christmas present from the Australian Red Cross.

Other reports coming from overseas told of food shortages being experienced all across continental Europe. Supplies were short in Holland, Spain and Scandinavia, with the situation being worse in Germany, and in countries in the Balkans allied to Germany. In Austria and Hungary, it was reported that people were starving and, though conditions were better in Russia, that country was unable to distribute food due to road and transport difficulties. Such reports would have worried the families of those Australians serving overseas who had been taken prisoner by the enemy. Their concerns might have been allayed a little by an item published by the *Bendigo Advertiser*, on 24 January, 1917. Whilst explaining that parcels for prisoners of war

usually took some time to arrive at their destination, the article listed what was being sent: - Parcel of food sent weekly from the Haymarket, price about 5/8d; bread and cheese, sent weekly from Berne, Switzerland, price about 2/9d; 100 cigarettes and 1 lb. tobacco, sent fortnightly from the Haymarket Stores. A large parcel of warm underclothing, toilet necessities, cigarettes and tobacco was sent from Australia's own Red Cross Stores as soon as a new name was received. When measurements were received from headquarters, a complete outfit was sent, including uniform, boots and great coat. Blankets were forbidden at the time.

It was said that there were now 810 Australian prisoners of war, scattered over 35 different camps. Fifty-five of these men were in places so close to the war zone that parcels could not, unfortunately, be sent. Seventy-seven others were scattered about in different hospitals. In addition to the parcel sent to every man (including officers), a parcel of invalid food was sent to those hospitals where there were several Australian men, and four extra parcels were sent to those camps where a British committee had been formed to look after friendless prisoners, so that the contents might be distributed among any newly-arrived Australians. It was hoped that an extra parcel of substantial food might have been delivered to every man for Christmas.

Information about prisoners in Turkey was very difficult to obtain but it was known that there were 108 men at the different prison camps in Turkey and Asia Minor. Their conditions, though doubtless uncomfortable, were not as bad as in Germany. There was ample food of a kind, and many of the men were in working camps on the Bagdad railways, where they were paid 1/4d a day, and were able to live and maintain their health. Since the beginning of October, a parcel of food, value 7/8d, and tobacco and cigarettes, had been sent every fortnight to each of the Australian prisoners. Every man had been supplied with some warm underclothing, a pair of boots, as well as a parcel of toilet necessities, and a pipe. It was not possible to receive acknowledgments from prisoners in Turkey in less than four or five months, but from recent reports the parcels sent to prisoners seemed to have been arriving more regularly.

As for news closer to home, the *Express* reported that O O'Brien of Tennyson "had bad luck with lucerne" but was doing well with maize, millet, pumpkin and tomatoes, whilst especially fine peaches were being produced at Bamawm by Messrs McColl, Knox, Sinclair and McWhae. The need for another school in the Bamawm district had become extremely pressing. Some children were having to go 4, 5, and 6 miles to attend school, and others simply couldn't go. Two families had actually moved away to seek school facilities. Wider afield, the Imperial Government had purchased the whole of Australia's surplus of frozen rabbit for the year 1917 in order to help feed the troops.

That must be it until next time,

Marg O'Brien.

A big thank you to Lockington District Neighbourhood House for their organisation of the theatrical experience of "The Bodyguard". The bus, confidently driven by Wendy Sims, left Lockington 8.30am on Wednesday 20<sup>th</sup>, stopped at Heathcote for supplied morning tea, then on to Melbourne for us to enjoy the matinee at the Regent Theatre. Homeward bound and back in Lockington by 6.30pm. What a great day and how many other people could boast of such excellent service in their town all for \$95.00! Well done Deidre and committee, your hard endeavours to serve our town and beyond deserve great accolades.

## ANOTHER LOCAL INDUCTED

On the 26<sup>th</sup> of August, past Lockington local Ralph Nichol was inducted into the Road Transport Hall of Fame at Alice Springs, NT.

*Ralph and Dorothy in Alice Springs*

It is a fitting tribute as Ralph has dedicated his life to the transport industry.

Ralph Nichol, born in Sunshine Victoria 1934. Ralph's career in the transport industry started aged 10 working alongside his father to maintain the 1<sup>st</sup> fleet of trucks at the Albion quarry during the transition from horse & dray to road trucks. Ralph followed his father's passion for trucks & absorbed as much as he could while working under his command, learning to operate & repair a vast range of equipment.

As soon as he was able to convince his mother to leave school, Ralph found himself employment with anyone willing to give him a go. Aged 13 Ralph got his 1<sup>st</sup> full time job working for Vic Hunt a local transport operator, assist-

ing with carting of anything that could go on a tray truck including carting block ice from Anglesea in the early hours of the morning, distributing direct to household ice chests before fridges were around, as well as carting stooks of hay from local farms to Melton.

Aged 15, Working for Sunshine farmer & transport operator Lloyd Dolman, Ralph decided the city life was not for him, boarded a steam train for Bendigo, winding up in Bamawm Victoria working as a farm hand. After a short stint in the army & gaining his licence, Ralph returned in 1953 & bought his 1<sup>st</sup> Austin tray truck & met his wife Dorothy. Ralph spotted the need for a livestock carrier in the area and soon built his own crate, carting livestock for many years, regularly updating his fleet of predominately Ford trucks.

1963 saw an opportunity in the supply & distribution of fertiliser, Ralph constructed a Depot on the Lockington rail siding and adapted his fleet to suit his needs. 1974 saw the worst drought in the areas history with fertiliser sales dropping from approx 15000 ton annually to just 1200. Ralph started mining sand & his sons would distribute it into cement plants & foundries throughout Bendigo into the early 80's until the demand for Fertiliser returned. In 1993 Ralph built a Fertiliser depot in Rochester which his son Brian & family operate to this day with a fleet of 12 trucks employing over 20 staff.

Ralph & Dorothy Nichol retired to Bendigo in 2002 following 58 years in the transport industry.

## PEDAL POWER

This October, I am taking part in the Great Cycle Challenge to fight kids' cancer!

Because right now, cancer is the largest single killer of children from disease in Australia – over 600 children are diagnosed with cancer every year and sadly, 3 die every week.

Kids should be living life, not fighting for it.

And so I am riding and raising funds to support the Children's Medical Research Institute to continue their work into the prevention, diagnosis, treatment and finding a cure for childhood cancer.

Please support my challenge by making a donation through my fundraising page to give these kids the brighter futures they deserve.

Together, we can save little lives.

Thanks for your support.

After you enter there is lots to be seen, rooms and sheds full of items of Lockington and district's past.

The big shed out the back houses a brilliantly restored 1888 cable tram, which was once the home of a Bamawm resident.

Then there is a caravan reputed to be the first pop-top built in Australia and that was here in Lockington by Hugh O'Brien for his honeymoon in 1939.

A home built tractor, a 1924 steam wagon, tractors, farm machinery, etc etc.

All contributed to the building of a great district. The shop and front of Diggora General Store is there too!

You will truly be amazed at what the committees since 1993 have done for the betterment of Lockington & District.

Come and see.

## LOCKINGTON SCHOOL NEWS

Wow, what a busy term we have had at Lockington Consolidated, with athletics sports, book week and school production.

We hope that everyone has a happy and safe holiday break and we are looking forward to seeing you all back next term.

### Finn's Supporting World's Greatest Shave

One of our grade 5 student's Finn Palmer is taking part in the World's Greatest Shave for the Leukemia Foundation soon and he needs our help. Please sponsor him to give Aussie families facing blood cancer the emotional and practical support they need. You may not know it but blood cancer claims more lives than breast cancer or melanoma. And today another 35 people will be given the devastating news they have leukemia, lymphoma, myeloma or another blood disorder.

LCS will hold a casual dress day on Friday to support this endeavour. All students are asked to bring along a gold coin donation.

If you would like to donate you can do so at the below link or bring your donation to the LCS office.

<http://my.leukaemiafoundation.org.au/finnpalmer>

### School Production

This year's school production was a huge success. The students were fantastic and put on a fantastic show. Thanks to Jenny and Mr Irving and their team of helpers that put in hours of work to make it possible.

Thanks must also go to our families and the wider community for coming along and supporting our students. It was fantastic to see such great support at both the matinee and evening performances. For the first time the matinee was almost full. We were lucky to have the Senior citizens group come along as well as a class from the Echuca Specialist School and students from our local pre-school. It is wonderful to see the whole community get behind our production.

Most of all thanks to our amazing students who all try their best and put on such a great show. It is great to see their confidence grow and how much they enjoy getting on stage and performing.

### Athletics Carnival

Well done to Bowden Stone, Jacob Haines and Lucas Holgate who competed at the Campaspe, Goldfields and Sandhurst District Athletics Carnival in Bendigo on Monday. Bowden ran in the 1500 metre event, Jacob competed in the 100 metre sprint and triple jump and Lucas competed in the shot put. The boys should be very proud of their efforts and achievements.

Congratulations to Lucas Holgate who finished in 1<sup>st</sup> place for the shot put. Lucas has now qualified for the Regional Athletics Carnival to be held in October.

### Footy Colours Day

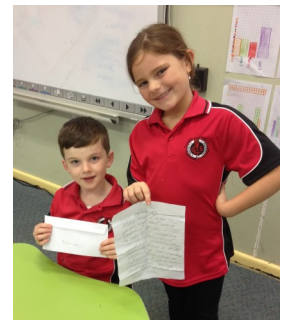

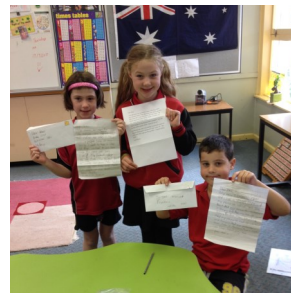

On Thursday the 21<sup>st</sup> of September we had our annual footy colours day. It was great to see so many students and teachers come to school dressed in

their team colours. Thanks to Simone, Anita and Emily for helping in the canteen to prepare all the lunches.

### Grade 1/2 Pen Pals

Students in Grade 1/2 recently received replies from the students at Stuart Park Primary School in Darwin. It was very exciting to read all about their experience up there in Darwin and to have some of our question answered. We read about crocodiles, buffalo, wallabies, learning Chinese, the Wanderers football club, fishing in the islands and some of the learning opportunities and hobbies of the students from Stuart Park Primary. We will write back to the students early next term.

### Staffing

Mrs. Marj Feldtmann has decided to retire after 23 years of service to Lockington Consolidated, teaching many of our community members, including some of our current parents. Marj has indicated that she doesn't wish to have a retirement celebration. We will be sending her a parcel in the first week of term 4 from the students, teachers and school council members. If you wish to include a letter or a card please leave them it at the office. We will be working with our students to prepare something special for her. We wish Marj all the best in her retirement and hope she enjoys many hours in her garden and with her family and grandchild who is due to arrive soon.

Kathy Connors has agreed to stay with us for the remainder of the year in Marj's position. Kath will teach 5/6A on Wednesday and Art on a Thursday and Friday. It is fantastic to be able to maintain the constancy with the 5/6 students.

### Grade 5/6 Visit the PAG Group

Our Grade 5/6 students enjoyed a lovely outing to the Bush Nursing Centre this morning where they presented the biographies they had written about members of the local PAGS Group. The students made some morning tea to take along and share with the members. Thanks to Kathy Connors and Jacob Johnson for being the driving force behind this initiative. It was truly a great experience for our students who would also like to thank the members of PAG, and they really hoped the members enjoyed coming to watch the annual school production last week. We really do live in a fantastic community!
