### FAREWELL HEATHER

We will always remember Heather for her friendly, loving and kind nature.

Heather was a beautiful caring friend of many in our community, who will be greatly missed.

Heather was such a well known member in our community, being apart of the church, school and our community

Sadly Heather passed away suddenly on Sunday the 14th of June. She left behind her caring husband lan, and family and friends.

To help Ian and Heathers family with the expenses of the funeral we would like to raise some money to assist with the cost of the burial.

Any donations would be such a great help and very much appreciated. We will be open to donations until 15th of July.

Breanna Giddings is organizing this fundraiser.

Donations can be made via GoFundMe by going to www.gofundme.com/f/m2wvs-farewell-heather

Although the Go-Fund-Me page is closing off on July 15, contributions can be made to a special account set up at the Lockington Branch of the Bendigo Bank.

### Hello again Everyone,

With the completion of the Melbourne to Murray rail link in that September, 1864, it had been anticipated agriculturalists might begin to replace the pastoralists on the plains west of the Campaspe River. However, selector settlers were not as quick to avail themselves of this opportunity as had been expected, probably because of the serious drought that effected the region in 1865-66. More encouraging conditions emerged early in 1867, and relatively good rains fell in the winter and into early spring. On 19 September, 1867, the Bendigo Advertiser relayed a report from the Riverine Herald whose Corop correspondent stated that "during the past week, owing to the recent heavy rains, Lake Cooper has risen two feet."

The rains continued, and on 8 October, 1867, the Bendigo Advertiser's editorial read in part: - "The present season has been the most remarkable for constant rains and general inclemency, within the memory of the oldest inhabitant of this district at all events....From every part of the colony, and from South Australia as well, we receive reports of the extraordinary gales and heavy rains that hope has now passed must be owing to causes which are have prevailed. In Gipps Land valuable lives have been lost, and property to a large extent destroyed, by flooded rivers and creeks. The Murray at the present moment is swollen by a flood higher than any that is remembered by the white man. The lower portions of Wahgunyah are submerged, and houses have been left to the rising waters. Moama is an island, and several shops have been rendered tenantless by the flooded river. At Echuca the prospect is a very serious one indeed. The Goulburn river, enormously swollen, meets the flooded Murray several miles above Echuca, and the Campaspe, in a state of high flood, joins its waters to those of the great river a little below that town. At Echuca the river is already 32 feet 3 supplement to the Government Gazette, issued the inches above low water mark...[T]his means the previous day, proclaimed the "throwing open for leasing" submerging of a considerable portion of the township. The water of included Bamawm, the Campaspe flows along the street, and has in some Wharparilla, and additional land in the already-partlyplaces extended to the footway on the other side. It is said that a signal for our ancestors to begin settling in this district. portion of the railway embankment, near the channel of However, the earliest selections in what was then the river, is in danger. Serious as the flood is at present, regarded as the 'Echuca' area, continued to be made in there are strong apprehensions that the worst has not yet the Agricultural Areas of Carag Carag and Corop, in the come. Intelligence from Wahgunyah is to the effect that a region of Lake Cooper. Maybe there will be a change by sudden rise of the river has taken place there, so that a next time. further rise at Echuca is feared. ..

"In [Bendigo] district we have not suffered much from the floods, but the long-continued bad weather has kept large numbers of persons out of regular employment... The quantity of rain that has fallen throughout the district may be inferred from the fact that at the Survey Office, Sandhurst, upwards of six inches [150 mm] were registered for the month of September, and during the first week of October, just passed, the fall has been upwards of one inch and three-fifths [40 mm]. Of course, all our reservoirs are filled to overflowing, in one instance threatening the district with a serious disaster, and the town seems insured against any scarcity of water for the next twelve months...

"It is a somewhat humiliating reflection that all such extraordinary phases of the weather find us quite unprepared, either to take advantage of their benefits or to guard against their evils. With all the advances that science in general has made, the science of meteorology is almost as much a mere matter of vague guesses as ever. ..Yet such an extraordinary season as that which we not inscrutable, and there is nothing absurd in the notion that at some future day the recurrence of stormy and unsettled periods will be predicted with as much certainty as the date of the re-appearance of comets... The lessons taught by experience are always valuable. Let those who are interested in the seasons bear in mind that after a wet winter and spring we are tolerably certain to have a sultry summer, with frequent thunderstorms."

After the flooding in October, 1867, more temperate weather conditions prevailed for the remainder of the year and into early 1868. On 3 April, 1868, a report in the Melbourne newspaper, the Age, announced that a Millewa, Pannoobamawm, and in with continuing good weather must surely have been the

A Different Kind of Snow in Winter

Snow Peas are often used in stir fried dishes and are part of the legume family. As they are eaten whole, they are higher in dietary fibre. Being a great source of folic acid, they are also full of Vitamins A, C, E and K. It is a vegetable grown usually in the cooler months and due to the levels of Potassium contained in the plant, it can assist in lowering blood pressure.

### LOCKINGTON BOWLS REPORT

### 22/06/2020

At the weekly game of Scrounge on Wednesday, there was standing room only as the numbers exceeded the restricted amount. However, the Interchange was introduced with all bowlers enjoying the greens at some stage. On the day there were several high scores which indicated the true running green was an advantage. The high score on the day was returned by evergreen Allan Kauffman with 48 points ahead of a consistent Greg Clymo 40 pts. On rink one Graham Turner continued his fine left-handed bowling to score a winning 44 pts ahead of Jim Harris 35. Rink two ended up a clear-cut victory for visitor Jerome Shaw on 46 points ahead of John van den Bosch on 40 pts. Russell Shawcross made it three out of three wins on rink three after recording a fine 44 points from Gayle Kerr with 36 points. Trevor Rickard showed superb control to amass 42 points and score a comfortable victory ahead of Max Clifford on 35 points. The game of Scrounge is held on each Wednesday (weather permitting) starting at 1.00pm. Names to be listed prior to 12.45pm.

The conditions of play due to the COVID-19 Restrictions were going to be eased this week, however, there is some conjecture relating to the number of players on the green as well as the clubhouse numbers. This will be clarified shortly.

Club members were saddened by the passing of former member Bernie Cox last week. Bernie was a cheerful and pleasant member and enjoyed the company of fellow bowlers. The Sydney Swans Football Club has lost a very passionate supporter.

Details of the 2019/2020 Presentation night and Annual General Meeting will be decided in the near future.

Remember to stay in touch and look out for each other.

### 29/06/2020

The perfect weather continues for the Wednesday game of Scrounge. Bowlers were treated to pristine conditions with a true running fifteen second green resulting in some exceptional bowling on the day.

The actual scoring was possibly the highest witnessed for some time. Tom Davis finished with 74 points to top the day while Terry Malone making an initial debut finished second on rink 6. Another sky-high number belonged to Bryan Kinnane on 64 points to hold off Graham Turner 56. Kinnane proved that his bowls are equal to his talent on the golf course!!. Phillip Cunnington amassed 41 points for a close victory from John van den Bosch with 35 points. Rink three was dominated by CVBD Secretary/ Treasurer Gayle Kerr carding an impressive 47 points to win the chocolates ahead of Max Clifford on 43. The final rink win went to the ever consistent Russell Shawcross on 46 points from a fast finishing Andrew Harris scoring 42 points. Four wins in a row to Shawcross, may need the introduction of handicap conditions?. The game of Scrounge is held on each Wednesday (weather permitting) starting at 1.00pm. The outstanding club championship games are to be completed shortly. Once these games have been decided, the Presentation evening date can be announced.

Carolyn Mitchell was runner-up for the Club Champion title but went one better in winning the Nett title. Carolyn was 9 shots from the lead at the start of play but finished really well with a 73 for a 3-round total of 232 to win by 2 shots from

Clymo the runner-up. In the battle for the B Grade nett title, Jan Clymo was 2 shots in front at the start of the day and held on to win ahead of Lois Chugg.

The Annie Stewart Memorial Putting Championship saw a tie between Annette Brereton and Carolyn Mitchell, both finishing with 82 (the same number of putts that won last year's title). Next best was Kathy Connors with 86.

Andy Freemantle cleaned up B Grade with his terrific score of 38 points, well clear of Ray Brereton (33) and Darren Carnie (33 – shame about the three 3-putts). A Grade was decided on a countback with victory to Terry Thomas (33) from Grant Humbert.

The B Grade champion title was decided with an 18-hole play off between Andy Freemantle and Steve Holt. Andy began well (including a birdie on the 3<sup>rd</sup>) to be 6 shots clear after 6, but Steve stayed in the game to be only 3 down after 11. Andy birdied the 12<sup>th</sup> to go clear by 6 and ultimately 83 (a terrific score considering it included a lost ball).

Three of the handicap matchplay first-round matches were played. Trav Mancer won the first hole in his match against Matt Higgins, but Matt then played some super golf to be 5up after 10. Trav fought back to win the next 3 holes to get it back to 2-down after 12, but Matt then again surged to win fine par on the 15<sup>th</sup>.

Kevin Humbert played Tony Brooke in a match that ebbed and flowed. Kevin was 3-up after 12, but Tony then won the 12<sup>th</sup>, 13<sup>th</sup>, 16<sup>th</sup> and 17<sup>th</sup> to hit the front and was able to halve the last hole to score a hard-fought 1-up win. The final match decided saw Mat Dennis defeat Bowden Stone 6 and 5.

Members raised a toast in honour of Cyril O'Brien, who died on Wednesday. Cyril was a long-term member of the club and spent many hours working on the mowers as Course Curator. Members extend their sympathies to Jenny and Steve Holt and their family.
