## **LOCKINGTON DISTRICT PLANNING GROUP NOMINATED FOR VICTORIA GOTAFE COMMUNITY GROUP AWARD**

The GOTAFE Community Group Award recognises groups that make a significant contribution to their community. These groups share a strong team spirit and a sense of community that fosters a safe, supporting space for all.

GOTAFE is excited to acknowledge community groups playing a vital role in enhancing the social, economic, commercial and environmental prosperity of their region. Whether it be working together on an event, restoration project, providing a service/program, or connecting people, it is important to recognise and encourage these groups, as their efforts help to make our communities stronger and more vibrant places.

**The Lockington Planning Group** meets every second month and consists of members from all the sporting, community groups and businesses in the Lockington and district. This Group provides a platform for all these different sections to come together to inform each other what projects they would like to see in the community. Each representative then reports back to their respective organisation so that an overall plan for the district can be developed. This has meant that we have no overlapping projects and that everyone in the district is working together as a whole to further develop our sporting, leisure and businesses to ensure that our community survives and grows in the future. The community project being undertaken at the moment is the redevelopment of the walking track from the town centre to the plantation area just north of the Consolidated school. It is hoped to continue this project to include a 'rail trail' from Lockington to the north to Kotta. This will provide a further 8 kms of walking track. Once a project has been discussed and decided on it is allocated to one of the sections to manage and report back to the Planning Group. If one of the groups or businesses has a project that will only benefit their particular area, it will be discussed and then the group or business will know how it will be viewed and supported if they go ahead with the project. Overall the Planning group will provide a focus for the district for its future

28 Businesses and 26 sporting groups/community organisations are on the mailing list for the Planning Group. Each meeting has an average attendance of 21 people. As this is a small community, many in attendance will be wearing several 'hats' so each time more than the physical number of members present are being represented. We have found that having the meetings every second month has allowed us to stay in touch with what each group / business is doing and ensures that all are kept updated on project being undertaken.

The walking track in the township of Lockington has in the past and is currently being supported by both the Lockington District Landcare Group and the Lockington Channel Committee. The future Rail Trail Committee is being auspiced by the Lockington District Business Centre Inc. Recent funding has come from the Elmore Lockington Rochester Community Bank in recognition of 15 years of banking in this district. This has provided the opportunity for a general clean up of the walking track, establishment of new paths through the plantation area and the upgrading of the wooden section over the channel and rock on the track along the channel bank. Future development of seating and tables in the plantation area is planned. The Rail Trail is in its early stage of development, with one section currently being used regularly by community members.

### **FORREST STREET RESERVE FACELIFT**

Thanks to Bendigo Bank's Gift Fund, work is underway on the Forrest St Bush Block and Walking Tracks upgrade.

Scott and Amanda Grundy have been contracted to do the work, with overseeing by the Locky Channel Committee. It's been quite a few years since the last tree planting scheme, with many now dead due to drought and disease, plus some rubbish dumping and weed growth.

The plan is to remove the small dead trees, prune dangerous branches, and tidy up soil heaps and large dead and dangerous trees. Keeping in mind, is the preservation of ground cover, and leaving some timber on ground for insect and reptile habitat etc.

Walking tracks will be extended inside perimeter fences, and gavelled, plus resurfacing of existing tracks where necessary.

Firewood from the project will be made available to those of the community who find it difficult to source, either physically, or lack of equipment. We ask that anyone requiring any of the limited amount of firewood that may be available, please contact Amanda Grundy 0439 491 193.

There will be a designated heap for firewood. Dead logs and timber throughout the reserve will be left for wildlife habitat. So please, do the right thing, phone first.

For any other enquiries,  
please ring Neil Taylor 0428 868 251 or Michael Lyons 0427 811 447.

Hello again Everyone,

Despite the completion of the rail link between Melbourne and the Murray, which had been expected to lead to selector settlers taking up land on Victoria's northern plains, by 1868 the region was still largely occupied by pastoralists, their flocks, and their shepherd employees. Settlement might have been delayed by the severe drought of 1865-66, or alternatively, by the devastating floods that occurred in the latter part of 1867. For whatever reason, selectors were at first quite slow to take up the land west of the Campaspe River. However, in the Agricultural Areas of Carag Carag and Corop selection was taking place. The soil there was proving to be excellent for cropping and for some selectors, the seasons in the mid-1860s had been good. Consequently, the early settlers around Lake Cooper were relatively satisfied with their situation until an alteration to the Land Act appeared likely to bring a new influx of selectors into their midst. On 15 October, 1868, the *Bendigo Advertiser* reprinted an item from the *Age*. It had been written from Echuca by the *Age* correspondent, and read: -

"The farmers at Corop, Carag Carag, and neighbourhood are anxiously looking forward to the 2<sup>nd</sup> of November next, when the extended area under the 42nd clause [of the Land Act] is to come into operation. The peace-loving portion of the inhabitants apprehend serious disturbances on that day; and there can be no doubt but their fears are well grounded, as there is a certain class who are determined to have all the best spots at any hazard, and are prepared to defend them against all comers by physical force. One case which has already been developed may be instanced as a proof in point. An individual, who has pegged off a valuable lot, contrary to the regulations, is keeping all others at bay, by spending his whole time guarding it, and brandishing a tomahawk in defiance of anyone who shall attempt to comply with the law by re-marking it according to the new regulations." It sounds a little bit like something from a T V Western but, presumably, no loss of life or limb occurred.

Another summer came and with it, hot and dry conditions. On 26 December, 1868, the *Bendigo Advertiser* reported that the weather was the hottest that had been experienced for some years. From Echuca it was learned that, on Christmas Day, the thermometer there "registered 110° [the equivalent of 43.3° Celsius] in the shade, at one p.m. From morning till night, the mercury did not fall below 102° [39° Celsius]; there was no dust, for the air was

perfectly still." On 4 February, 1869, the *Bendigo Advertiser* carried the following report taken from the *Riverine Herald*: - THE DROUGHT AT COROP. "We are sorry to hear from the neighbourhood of Lake Cooper that the late dry weather has had a very serious effect. The harvest may now be said to be over, and it is to be regretted that the average of the crops is far from satisfactory, although the farmers are not at all discontented with the selections they have made. The waters of the Lake are very rapidly shrinking, and it is feared that unless rains ensue, they may again entirely disappear."

By late March, 1869, the much-needed rain had not come, and a "viceregal proclamation, duly published in the Government Gazette", recommended that all Christian ministers hold the day of Friday, 2 April, "as one of prayer and humiliation, in order to propitiate Providence to send rain on the parched earth." As it happened, the proposed prayer received an early answer, and according to the *Bendigo Advertiser* of 2 April, 1869, the services that were being held in the various churches and chapels throughout the colony, took on the form of thanksgiving. The rain was indeed appreciated and, on 17 April, 1869, the *Advertiser* had this report from Goornong: - "The late rains here have changed the face of nature, and made glad the heart of every farmer. The subsequent mild weather has had a beneficial effect, and the earth now wears a carpet of green. It is wonderful how suddenly the grass has sprung up; there bids fair to be a good season for the lately perishing flocks and herds. In every field, men are busy as bees preparing for the crops, and many have already got most of the seed under the sod."

The succeeding winter was cold with only a very few light showers, and by September, 1869, drought was threatening once again, but mid-October, according to the *Bendigo Advertiser* of 8 November, 1869, brought two days of "the most continuous rain to have been had for many years in the colony." More good falls during November and December brought the year to a satisfactory close. However there had still been no great surge of settlement in the region west of the Campaspe River but, at least, weather conditions seemed to be more conducive for it now. Next time we'll see what 1870 brings.

'Bye until then,

Marg O'Brien

Unfortunately, owing to the COVID-19 Virus' uncertain future regulations & rules, we have had to cancel the 2020 Lockington Country Music Festival which was scheduled for 21st - 23rd August 2020. This is terribly unfortunate but obviously necessary.

We are considering rescheduling this years event to the first weekend in October but many things have to be checked out first.

Sorry for any inconvenience, it is disappointing for all of us.

### A BLAST FROM THE PAST

#### 1946 TICKET FOUND

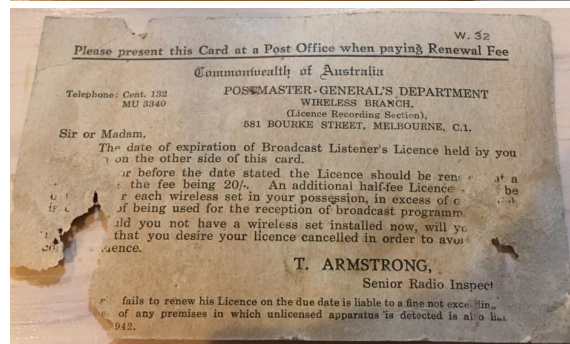

Beryl Marshall, when tidying at the Heritage Complex, found C. Pickens 1946 Member's season ticket, valued at 5/- (50¢) of Lockington Football Club. President was G. Cummins, and Secretary, T. Dycer. The red ticket isn't clear to read, but C. Pickens name and year on the reverse is good.

#### RADIO LICENSE FOUND

The Dycer family name was on another recent "find", at 15 Hopetoun Street... what it seems is a Radio License, which everyone had to have back in the day - something that would amaze kids of today.

The Dycer family lived in Barton Street (opposite the hall). It's thought that Jack was a stock and station agent, Todd was a horse trainer and Gordon was a hairdresser at the barber shop which was at 15 Hopetoun Street. There is also a John Dycer mentioned in Lockington records as having returned from WWII

### **Rural Tree Scheme**

Rural landowners can now purchase native seedlings for a subsidised cost through Council's annual Rural Tree Scheme. The scheme is a great way for rural landowners to improve their property's landscape. Orders will be taken up to 1 November, or when the allocated funds have been exhausted. Order forms, including a full list of available species, are available on Council's website, at customer service centres, or can be mailed out on request.

### **Seniors Program Grants**

Applications are now being accepted to support older residents through this year's Seniors Program Grants. The program provides funds of up to \$1,000 to deliver programs or activities to older citizens. Projects must effectively address social isolation for seniors while adhering to social distancing requirements issued by the State and Federal Governments. Applications are now open, and will close on Friday, 7 August with announcements of successful applicants expected to be made by Friday, 4 September.

### **2021 Kindergarten registrations**

Registrations are now open for three and four year old funded kindergarten programs at Echuca Central, Echuca East, Echuca South, Colbinabbin, Rochester, Lockington, Tongala, Gunbower, Stanhope, Berrimba, Pink & Blue and Goodstart Early Learning. Online applications are available on Council's website. Hard copy applications can be accessed by downloading from the website or by calling 1300 666 535. Applications for first round offers close Friday, 31 July.

### **Pool and spa registrations extended**

The Victorian Government has extended the deadline for the mandatory registration of private pools and spas due to the impacts of coronavirus. All private pools and spas must now be registered with Council by 1 November 2020. Registrations can be made online through Council's website, or by calling 1300 666 535. Failure to register can result in a fine. More information is available on Council's website.

## **Rosemary....the fragrant evergreen**

Rosemary is a fragrant herb that is often used to season dishes such as soups, casseroles, salads and stews. The leaf and oil are used to make medicine and it can be used for improving memory, indigestion, arthritis and hair loss. It is part of the mint family and is a good source of iron, calcium and vitamin B-6. It is also great sprinkled on vegetables and meat while roasting for a great flavour and aroma.

### **Increased mental health support for young Victorians says Walsh**

Young people struggling with their mental health during, and after, the coronavirus pandemic will be able to access targeted, personalised therapy with Orygen through an innovative Victorian Government program.

Orygen Specialist Program provides mental health services for young people aged 15 to 25; with a focus on early intervention with those who have severe and/or complex mental illness.

Member for Murray Plains Peter Walsh said this week's launch of Orygen's new digital mental health platform for young people called MOST – Moderated Online Social Therapy – allows young people to access tailored online therapy and peer support, when and where they need it.

The Victorian Government said while staying at home and limiting physical interaction is vital to slowing the spread of the virus, it can be difficult for people's mental health and wellbeing – particularly for those already experiencing mental health conditions.

Mr Walsh said the Government's recent \$59.4 million coronavirus mental health package included \$6 million to fast-track the rollout of the program, which is already available for young people in the north and west of Melbourne, will see a progressive state-wide rollout during the next year.

Young people who live in public housing will also be among the first to benefit, with tenants able to be referred directly by their headspace or mental health clinician.

"The coronavirus pandemic has increased demand for mental health support across Victoria but has also meant we need to change the way we deliver mental health care," Mr Walsh said.

"The MOST program is a ground-breaking service that means young people can get continuous, integrated face-to-face care from home," he said.

"Importantly, the program is designed with, and for, young people – and the youth mental health services who provide the very best care for them."

The Victorian Government has also committed more than \$19 million in targeted mental health and psychosocial supports for young people and another \$6.7 million has also expanded online and phone counselling services for beyondblue, Lifeline, Kids Helpline and Suicide Line Victoria.

## **LOCKINGTON BOWLS REPORT**

### **July 6**

Another fine day for a super display of bowls in the weekly game of Scrounge last Wednesday.

With six rinks in action the bowling was a treat to watch as the scoring was in the mid-forties across the green. New bowler Ray Brereton showed some enormous promise to win the T.V. rink on number one after amassing 45 points to defeat the in-form Russell Shawcross on 37. It was a classic to witness three left-handers on the same rink. Brereton plays golf left-handed but bowls with his right hand - could have the pennant skipper in bother??. On rink two Ian Johnson led the way with a dominant 50 points to edge out Ray Hanson on 49 points in a close game. Jim "Jimbo" Harris registered 48 points for a strong rink three victory against some spirited opposition including Alan Kauffman 40 points along with Tom Davis and Gayle Kerr. Calvin Stout claimed the goods on rink four scoring a well compiled 44 points ahead of Phillip Cunningham 38. Max Clifford maintained good line and length to amass 41 points to win rink five from Denise Gilmore on 40 points while Jerome Shaw collected rink six after surviving a torrid time against three women opponents to score 55 points with June Clifford next best on 30 points. A very well conducted day of bowls with Gilmore and Bryan Kinnane assisting to make the day enjoyable for all players. The game of Scrounge will continue on a Wednesday at 1.00pm start.

The club A.G.M. will be held shortly. Members will be notified.

### **July 13**

There was a cool, chilling breeze that greeted bowlers to the weekly game of Scrounge last Wednesday. This resulted in a slight dip in numbers, but did not deter a few bowlers to record above average tallies. On rink one, Russell Shawcross returned to the winning circle in scoring 54 points

to edge out a gallant June Clifford on a respectable 42 points. Newly elected Club President Ray Hanson carried home the chocolates on rink two with 50 points while Denise Gilmore was in hot pursuit on 46. Genuine left-handed Graham Turner registered a defiant 50 points to head a close field on rink three. Alan Kauffman was next best with 47 points. On the final rink Andrew Harris had the day-high score of 64 points to finish ahead of Phillip Cunningham on 42. Bowlers enjoyed a super sausage sizzle after the games organised by Brian Kinnane. The game of Scrounge will continue each Wednesday (weather permitting), starting at 1.00pm. Names to be listed prior to 12.45pm. With the continuing COVID-19 virus disrupting almost everything, we must endeavour to look after each other and stay healthy on the bowling green.

During the week the club held the Annual General Meeting with a small gathering. Outgoing President Russell Shawcross delivered his Presidents report and thanked all members and supporters for their continued support over the past two years. Shawcross also acknowledged the strong support from the club sponsors and all members that helped the club progress in some way. Greenkeepers, bar staff, tournament committee plus a huge thank you to the mighty Ladies committee for their ongoing commitment. CVBD Board member Brian Kinnane took the chair for the Election of Office Bearers for season 2020-2021 and congratulated Shawcross on his brilliant effort over the course of his two year stint as President. Office Bearers - President: Ray Hanson. Senior Vice President: Neil Haines. Junior V/P: John van den Bosch. Secretary: Neil Haines. Assistant Secretary: Joy Weller. Treasurer: Alan Kauffman. Tournament Secretary: Chris Stewart.

Committee: Tom Davis, Phillip Cunningham, Brian Kinnane, Les Brereton, Dave Thomas, Russell Shawcross. Selection Committee: Phillip Cunningham, Calvin Stout and John van den Bosch.

The club will decide the number of Pennant teams and Tournament dates in due course.
