Lockington's Priceless Paper

\$ FREE

ARE YOU BEING NIFTY AND DOING 50??

The Lockington Planning Group tried unsuccessfully to get a pedestrian crossing between Giddings Supermarket and Ciurleo's Ice cream & Waffle House.

Then the back up plan was put into action, in conjunction with the Shire of Campaspe the sign below has been installed at each entrance to the township of Lockington. It is hoped that all motorists will respond to the message displayed by our young students that they need to **reduce their speed to 50 in the township zone.**

Hello again, Everyone,

If there was to be a year which would encourage new settlers to begin farming the plains country west of the Campaspe, the early part of 1870 seemed promising. It had been expected that the completion in 1864 of the railway trunk line between Melbourne and Echuca, on the Murray River, would provide more ready access to the Northern plains, and would lead quickly to an influx of selector farmers taking up land there. It didn't. Those who did come into the region, selected allotments not too far from existing settlements like Goornong or Runnymede. Or they settled on well-watered areas like those near Lake Cooper. They might well have been deterred by the long and harsh drought of 1865-66, and the floods that occurred in 1867, might have worried them. While the following two years had not been so extreme, they had been sufficiently hot and dry at times that the fear of a return to drought had lingered.

However, in early 1870, the weather seemed ideal. The rain that fell then was just enough to keep the waterholes filled and maintain adequate grass for stock. Saint Patrick's Day, when the Corop Races were held was described as "exceedingly fine" by the *Bendigo Advertiser*, of 21 March 1870. It reported that there were "500 persons on the course", most having come from Sandhurst and Echuca. "There was not a single accident, and although there was only one policeman present, the utmost order prevailed throughout the day." In mid-April, the *Riverine Herald* reported that "Fine rains have fallen generally throughout the country, and a splendid spring of grass is taking place;" and that "Such a season has not been experienced for many years past." Though, in May, heavy rains which led to some flooding, were experienced in New South Wales, all continued to go well on the Victorian side of the Murray, at least until September. Then it rained.

In its "Summary for Europe" on 10 September, 1870, Melbourne's *Argus* newspaper stated: - "Not for more than 20 years has such a wet and inclement season as the present been experienced. An enormous quantity of rain had fallen up to about a fortnight ago, when the weather cleared up. A few sunshiny days were then experienced, and the young crops, which up to that time had looked very sickly, began to exhibit a very considerable improvement. At the commencement of the present week, however, rain, heavy and continuous, again set in. Nearly three inches [75 mms] fell in two days, and as the creeks and rivers were already running bank high, the result has been most extensive and severe floods. Nearly all the low-lying lands in the colony are under water, an immense amount of damage has been done, and over a great extent, the crops have been entirely destroyed. The weather is still very unsettled, and if

we have more heavy rain the consequences will be most disastrous."

The rain continued to fall and, at Runnymede, Rochester, Echuca and Moama, the consequences were as serious as had been anticipated. From Runnymede came the report that the Campaspe was higher there than it was ever known before; "It was miles wide in places." Added to that came the news that "a terrible and destructive flood" was rolling down the Goulburn and, from accounts that had been received by 10 September, the *Bendigo Advertiser* saw "the border town of Echuca" as being "placed in more imminent danger than it has ever stood in within the memory of white men." On 11 September, 1870, the Murray was described as being "three or four inches higher than it was in the great flood of 1867", and it was still rising. North of the Murray, the Moira Lake had overflowed its southern bank and a vast stream of water was pouring through the box forest, completely flooding the town of Moama. On 16 September, the *Advertiser* reported a huge loss of sheep, the greater portion of them belonging to "Mr Chapple of Restdown." Fortunately, by 19 September, it was able to report that the level of the Murray was stationary, having reached a height of 34 feet, being 8 inches above its summer level. "The worst seems to have passed."

But the flooding wasn't over yet. On Saturday, 29 October, the *Advertiser's* Goornong correspondent stated that "The old tale has again to be re-told - houses are inundated, the water running in and through the rooms knee-deep. In some instances, homes are abandoned for the present, and refuge taken on higher ground. So completely are some families surrounded that their homes look like cottages in, not by, the sea. It commenced to rain early yesterday evening, and during the night it came down in torrents. The lightning was the most vivid, widespread, and continuous we ever remember having seen." Whilst, at Echuca, the flood was "ten inches higher than the September flood, and it continues to rise. .. The water from the Murray is running across the road to the Campaspe. The postboy from Wharparilla, while coming in to Echuca last night on horseback, was carried away, and both he and his horse were drowned."

After reaching a height of 38 feet above its summer level on 6 November, 1870, the Murray flood at Echuca began to recede. On 17 November, the *Bendigo Advertiser* reported "Little is now left of the flood at Echuca ...[and] though a great deal remains to be done, the place begins to resume something of its old look." Maybe the Northern plains would yet begin to appeal to potential settlers.

Bye until next time

Marg O'Brien.

Unfortunately, owing to the COVID-19 Virus' uncertain future regulations & rules, we have had to cancel the 2020 Lockington Country Music Festival which was scheduled for 21st - 23rd August 2020. This is terribly unfortunate but obviously necessary.

We are considering rescheduling this years event to the first weekend in October but many things have to be checked out first.

Sorry for any inconvenience, it is disappointing for all of us.

SCHOOL NEWS

Purple Day

Our students have formed a Student Voice Team which organises special activities/days and raises awareness of matters that are important to them. Taking part in Purple Day was an event that the students wanted to participate in as a way of raising awareness of Epilepsy. Due to the remote learning we had to postpone the day, which is usually held in March each year and eventually held it on the last day of Term 2. Staff and students were invited to wear casual clothes, and include a 'touch of purple'. Students also enjoyed a special lunch from the canteen which included purple jelly! Principal James Hodgens said "If we build awareness of the different conditions and challenges that many students face then we also build empathy and understanding.

Grade 5/6 Egg drop challenge

Grade 5/6 students have been working on their Egg Drop Projects last term. Their task was to build a vessel that would protect a raw egg from cracking after being dropped from the top of the ladder. Each student planned and created their own original design using a variety of materials. They were also required to write a procedural text explaining how to build their vessel and reflecting on the effectiveness of their design after the Egg Drop

Prep. 1 and 2 Poetry

Last term our junior students examined all things poetic! The students wrote a poem and then attached it to a beautiful flower they had made with Mrs Connors in their art class. The flowers were attached to sticks of wood and then placed around our roundabout at school for everyone to admire. Such a beautiful, colourful display! The junior students took great delight in explaining their poetry to the senior students.

IT'S ALL ADDING UP!

The Lockington Youth Action Group enjoyed an informative session on their first night back of their Life Skills program on Wednesday 16th July with the added social distancing. Wendy Wright, Customer

Service Officer of Lockington Community Bank (Bendigo Bank) gave valuable information about the importance of saving money, starting a savings account and the ease of e-banking. When asked what the group would get a loan for, the majority of the group stated a car which led to further discussions on types of loans and interest. Credit cards and Afterpay were also discussed with Wendy providing important information about repayments and interest versus saving for items. The group was surprised at examples given of interest to be paid on amounts if payments are missed. As many of our Youth Action Group members are either thinking about starting work or have gained casual or part time employment,

Superannuation was also discussed at length with the benefits of self contributions. Members enjoyed estimating how much money they would need to retire and what age they think retirement should be, taking into consideration inflation over the coming years.

Overall, it was a very informative session for the group who were offered flyers on Student Accounts, Youth Debit Mastercards and Superannuation and were also given Bendigo Bank water bottles and pens. The Youth Action Group would like to thank the Lockington Community Bank and Wendy Wright for the valuable information and her time.

WALSH DEMANDS JACINTA SHOW US THE MONEY TO IMPROVE VICTORIA'S SLOWEST TRAIN JOURNEY

Member for Murray Plains Peter Walsh is looking for the millions, even hundreds of millions, of dollars that have been spent on upgrading the Echuca-Bendigo train line.

But he said he can't find them anywhere.

In April 2017 the Andrews Labor Government announced a \$91 million spend on the Echuca-Bendigo line so it could go at 130km/h instead of the current 80km/h.

"And the trains still run slow because the track is not safe enough," Mr Walsh observed.

In May 2017 a \$3 billion deal was announced between Canberra and the Andrews Labor Government for regional rail improvements – including the Echuca-Bendigo line.

Victorian Transport Minister Jacinta Allan said at the time "it's the next step of our regional rail revival, investing in the public transport that regional Victorians deserve and can rely on".

"And the trains still run slow because the track is not safe enough," Mr Walsh observed.

In July 2018 we heard from the Andrews Labor Government of the commitment that regional passenger rail services on the Bendigo/Echuca line were set to become quicker and more reliable.

The Andrews Labor Government claimed the project was also expected to increase frequency and capacity of rail services ... allowing trains to travel quicker, reducing travel times and getting local passengers where they need to go sooner.

Construction works were set to begin in late 2018.

"And the trains still run slow because the track is not safe enough," Mr Walsh observed.

In October 2019 the Andrews Labor Government announced two consortia had been shortlisted to deliver signalling works as part of the Bendigo and Echuca Line upgrade.

VicConnect comprises UGL Limited, Decmil and Arup, and the other consortium comprises CPB Contractors, John Holland, WSP and SMEC. Jacinta Allan said "we're getting on and delivering the infrastructure needed to run more trains more often".

"And the trains still run slow because the track is not safe enough," Mr Walsh observed.

On July 6, two weeks ago, it was like Groundhog Day, because yes, Jacinta was bag, with another bag of cash, releasing a public statement saying the Echuca-Bendigo line is set to benefit from "faster and more frequent train services as part of a \$300 million regional rail funding boost".

"This extra funding will get shovels in the ground faster – delivering more trains, more often," Ms Allan said.

"And the trains still run slow because the track is not safe enough," Mr Walsh observed.

"The Andrews Labor Government in general, and Transport Minister Jacinta Allan in particular, have had untold millions to splash around on the Echuca-Bendigo line – and nothing has happened," he added.

"We have been shovel ready, we have had tenders called, we have had bazillions of dollars guaranteed for more trains and faster trains.

"However, as of today, we still only have one train a day to Melbourne (and two on Saturday and Sundays) and those trains still run slow because the track is not safe enough.

"Minister Allan, where has all the money gone and if you still have some tucked away in your bottom drawer, could we borrow it for a while, and we will get the job done."

**THIS AUGUST
I'M STEPPING UP
TO BREAST CANCER.
WILL YOU JOIN ME?**

#StepUpToBreastCancer

Breast cancer is the most diagnosed cancer in Australia, but it's a topic that most people find difficult to talk about. Most women don't know how to talk about the subject, so men have absolutely no hope?

This August will be one year since my own breast cancer diagnosis, so I'm doing the National Breast Cancer Foundation's "Step Up To Breast

Cancer" fundraiser, to raise funds in support of the thousands of women and men whose lives have been and will be impacted by breast cancer, and to open the discussion of the topic.

My own cancer was picked up during a routine mammogram, a routine which I started earlier than the recommended 50 years of age, due to the diagnosis of my eldest sister Ruth. I have always tried to do regular self examinations of my breasts, but that didn't include visual examination. Just before my scheduled mammogram I happened to be getting dressed in front of a mirror one day, and noticed a slight puckering of breast tissue... this is a classic indication of the start of breast cancer

I urge all you women to do regular breast examinations (both physical and visual) and to have your biannual mammograms, so that any breast cancers can be picked up early, which generally produces way better outcomes. And men... don't think you're off the hook, men can develop breast cancer too, so take notice of any changes you might

notice, and seek medical help if you do find anything abnormal.

So, back to the "Step Up To Breast Cancer" challenge... why am I doing it, apart from to raise funds for research and support services?

Well, walking is one of the best daily exercises you can do. It's recommended to do 10,000 steps every day for an active lifestyle, and to keep healthy and fit.

Many women who go through breast cancer surgery and treatments develop lymphedema, also known as lymphatic edema, which is a condition of localized swelling caused by a compromised lymphatic system. The lymphatic system functions as a critical portion of the body's immune system and returns interstitial fluid to the bloodstream. Exercise is one of the recommendations for reducing lymphedema.

My walking aim is not just for 10,000, but for 20,000 steps a day, and every day that I don't achieve this, I will personally donate \$20 to the fund.

How can you help? You can make a donation via <https://fundraise.nbcf.org.au/fundraisers/alisonstewart/step-up>

Or how about you challenge yourself to walk 10,000 steps a day, and for every day you don't, make a donation?

However you want to do it, I urge you to support this cause, as research into breast cancer also results in many other unrelated medical breakthroughs.

LOCKINGTON BOWLS REPORT

July 20

Another top field of bowlers descended on the green for the game of Scrounge on Wednesday. The club welcomed several bowlers from City of Echuca Bowling Club to enjoy the excellent conditions and feature in the overall results. Jerome Shaw won rink 11, scoring 40 points to finish just ahead of Joan Dovaston on 35. On rink twelve Jim "Jimbo" Harris continued his recent fine form to amass 53 points to edge out Bill Toll with 38 points. Ivan Hicks showed a bit of class to register a mammoth 64 points and win the "lucky-13" rink while Jill Young was next best on 38 pts. Graham Turner controlled the rink 14 proceedings while scoring a healthy 59 points to win ahead of Bryan Kinnane on a gallant 45 points. Another classic battle was witnessed on rink fifteen as Phillip Cunnington was pressured by Norm Hodge to collect the victory scoring 65 points to Hodge on 45. The final rink number 16 was won by Andy Harris on 49 points to finish ahead of Owen "Smiley" McPhee on 34 points. Bowlers were treated to a feast of Party pies and Sausage rolls after the game. The game of Scrounge will be played each Wednesday (weather permitting), commencing at 1.00pm.

During the week David Blackburn and Bryan Kinnane played the final of the B Grade championship. Both bowlers traded ends in the early stanza with little separating the scores. Blackburn was drawing the jack on a regular basis and gradually gained the advantage to lead 11-6 after twelve ends. Kinnane was having a little trouble in judging the pace of the green and tried valiantly to stay in touch with his opponent. In the final analysis Blackburn was able to maintain his advantage to win the championship title 25-14 in a masterly performance. Kinnane was far from disgraced and will no doubt be knocking on the door in years to come.

On Saturday several members travelled to the City of Echuca Bowling Club for the Social bowls event. A most enjoyable day of bowls and the hospitality was of the normal high class.

July 27

A star-studded field competed in the weekly game of Scrounge on Wednesday. Several bowlers were stand-outs and were elated in collecting the rewards. Leon Laffy showed out on rink eleven to score a winning total of 48 points to edge out Club President Ray Hanson 36 points. Hanson succumbed to the enormous pressure over the final three ends. On rink twelve two City of Echuca bowlers stole the limelight with Kevin Mc Asey on fire to amass 56 points ahead of Ron Payne on 44. In a real battle on the "lucky for some" rink No. 13, Jim Harris survived a late charge from Norm Hodge to register 42 points and win the rink while Hodge scored 37 points. Ivan Hicks controlled rink 14 after tallying 55 points with Russell Shawcross in hot pursuit on 50. Dianne Payne was in fine form to score a brilliant 51 points to win rink 15 from Denise Gilmore with a well compiled 50 points. A first year "rookie" bowler Margaret Dowie showed some promise. The final rink 16 was taken out by the in-form Andy Harris scoring a mammoth 74 points to win from Frank Chugg on a respectable 46 points. Interesting on the day that the Harris brothers, Jim and Andy were back-to-back winners along with that "man from Manangatang" Ivan Hicks.

Bowlers were favoured by a serving of hot party pies and sausage rolls at the end of play. The game of Scrounge will continue on each Wednesday (weather permitting) starting at 1.00pm. Names to be listed prior to 12.45pm.

During the week Ian Johnson and Phillip Cunnington played a round of the Presidents Trophy 21 Up championship. After an absorbing display of quality bowling from both contestants, Johnson was able to gain the break and win the game, and will now play Don Isgro in the semi-final.

On Saturday several members journeyed to the City of Echuca Bowling Club to play Social Fours in glorious warm weather and a true running green. At the end of the day, Tom Davis was a member of the winning team along with Trevor Rickard and Deb Chancellor, and take home the spoils. Denise Gilmore figured in the Runners Up team along with Ivan Hicks and Dianne Payne and finished with the chocolates. However, Gilmore had to pay dearly for a WBB - wrong bias bowl, that soured the day somewhat!!.

JUNIOR FOOTBALL REPORT

Under 12s Lockington Bamawm United vs Leitchville Gunbower

On Saturday morning it was great to see many excited kids ready to play their first football match of the season. Against smaller and younger L/G opponents LBU displayed great attack on the ball and team work to move the football regularly into the forward line. Players were rotated through many positions on the field to give everyone a chance to get into the game, it was good for players to experience different positions to play in. With eight different goal kickers the scoring was shared around in a fantastic team effort. To their credit L/G fought the game out to the very end.

Goals: Campbell Keele 3, James Brentnall 3, Jett Milligan 2, Charlie McIntyre 2, Will Hann 2, Patrick Keele 2, River Sims 1, Harrison Keele 1

Under 14's LBU vs Leitchville Gunbower United

Goals : N Mitchell 3, N Ramskill 1, J Milligan 1, C Betts 1, B Stone 1, J Haines 1, O Palmer 1

Best : Jai Milligan, Bowden Stone, Noah Ramskill, Finn Palmer, Jacob Haines & Nicholas Mitchell

Great to see the kids able to play football again. Thanks to Leitchville Gunbower United Coaches & players for a great day.

In the 1st quarter we scored 3 goals with Jai Milligan setting the pace with a good goal out of the centre. Noah Ramskill & Nicholas Mitchell played well up forward while Finn Palmer was dominant down back.

The 2nd quarter saw the team changed around a fair bit. Archie Sims was strong up forward and midfield led by Bowden Stone & Jai Milligan were winning everything.

In the 3rd quarter Noah Condliffe played well, with Bowden Stone was our only goal scorer for the quarter. Lucas Holgate was having a great game at half back while Cody Betts was getting plenty of the ball.

The final quarter the LBU young guns were running out of legs with the opposition getting back into the game. Jacob Haines went forward kicking one, along with Oscar Palmer. Finn Palmer went into the centre and along with Bowden Stone and Noah Ramskill won nearly every clearance.

A super team effort by all the boys to start the season off!

This year Lockington Bamawm United and Leitchville/ Gunbower football clubs combined to form an Under 16's and Under 18's teams to play in the Bendigo Junior Football league. Seven members and two friends enjoyed our July get together.

Due to the closing down of all group and State activities due to the Corona-19 virus there was very little business to discuss. However, our International officer Norma had a very interesting report on the country of study for 2020 Botswana, her report covered very interesting items on wildlife and the environment. The Country Woman Magazine for the month also had several items of interest for members to read, these were reported on by Lorraine.

Members are reminded to log into face book as The State President puts out a letter each week with suggested activities for individuals who are really isolated or feeling down. A number of branches and groups are meeting on Zoom and finding inventive ways to stay in touch without breaching the rules and swapping ideas.

Discussion points for the day were -

Bloom from your garden 1st Joy (Pink Camellia)

Craft: Head Band: Colleen - 2nd Norma ,

Cookery: Mini Quiche 1st Julie and second Joy .

Miscellaneous item:

Novelty Perfume bottle: Agnes Cant – 1st (three cats) Marg 2nd. and a mention to Colleen a very old bottle complete with perfume and still in its original box (Nursery rhymed theme)

Roll call: Birth gemstone and flower. Most had gone to some trouble to find their stone or flower and one or two were found in books brought along for the day.

Unfortunately, all blooms are for the northern hemisphere so don't really coincide with our climate.

Unless we are further clamped down in this area, we will again meet on August 13th at 10 am

BYO Lunch.

Syllabus items:

Craft – item for home.

Cookery -4 savoury Scones

Horticulture -two different Jonquils

Roll Call - a short reading.

Handicap matchplay results: Andrew Harris began well to be 4-up after 7 holes against Blake Humbert, but Blake fought back to win 4 successive holes from the 9th to the 12th to square the match. The match was still square after 14, but Andrew steadied to win the 15th and 16th, and then sealed victory 2 and 1 by halving the 17th.

One quarter final was also decided, with victory to Tony Brooke 1-up over Tom Scurrah in a tight contest.
