Hello again Everyone,

We've been looking at the story of settlement on the Terricks plains in the 1870s. Selector farmers had begun the decade full of optimism, having experienced a succession of two or three very rewarding seasons, but by the mid-1870s, recurring episodes of low rainfall were causing concern. In 1877-78, a severe drought in the region struck a blow to the settlers from which many would not recover. Those able to remain on their selections put in seed for the following season and hoped the heavens would open as need be.

The idea of constructing a 'Grand Canal' system to carry water from the Goulburn River to irrigate the dry plains of northern and western Victoria had been advanced some years earlier but now, the severity of the 1877-78 drought was reason for the scheme to be considered in a more favourable light. In April 1878, Mr T E Rawlinson, engineer of the North-Western Canal Co., submitted the third of a series of reports of studies he carried out in the Goulburn valley. As reported in the *Mount Alexander Mail* on 25 April 1878, it was his contention that "the question of the barrage of the waters of the Goulburn and Campaspe" was "one of cost and commercial profit," but the benefit it would confer on the plains "would be more than a sufficient justification for a very large outlay." He felt as yet, unable to comment on the "suitability of Lake Cooper and the Waranga Swamps as possible reservoirs" but he earnestly recommended that proper surveys be undertaken.

In the meantime, the matter of providing a railway through the Terricks to link Bendigo with Kerang, was still being widely discussed; regular meetings were held, and deputation after deputation waited on the Minister of Railways to urge the importance of the proposal. On 24 July 1878, the *Bendigo Advertiser* reported that the Commissioner of Railways had made a tour to inspect the "rival routes" proposed for the line, and added that "a more opportune time for his visit could not have arisen, for the roads are in such a terribly boggy state that he will see for himself the difficulties that have to be encountered in the transport of merchandise and grain." It was not until 18 October, that the eventual decision was made known, the *Kerang Times and Swan Hill Gazette* reporting its opinion that "the Government have acted wisely in fixing on Eaglehawk as a starting point, as by that route the greatest number of selectors will be accommodated. No doubt this decision will cause a little heart-burning and disappointment to those advocates of rival lines." [Indeed, it would have done so in Milloo and Wanurp and Pine Grove!]

Early in 1879, there was other news on the wider scene that probably caused concern among some of the residents of the Terricks plains. An indication of seeming progress in the district had been the opening of a local branch of the Australian and European Bank at Terrick Terrick, though the branch had been removed to Mitiamo by April 1879. This particular bank business was generally well regarded, as reported in the *Herald* on 1 May 1879, "In every locality there was a reasonable profit on their transactions, and the new properties at Sandhurst and in other up-country towns, gave very satisfactory evidences of prosperity." Unfortunately, it didn't remain so and, on 6 June that year, the *Kerang Times and Swan Hill Gazette* reported that the Australian and European Bank was closed, noting that "the effects of the failure will not be felt directly in Kerang, though around the Terricks and Mitiamo, we fear much suffering will ensue." On 20 June, a further item on the subject appeared in that same newspaper which stated that "although one or two of the suburban, and the Sydney branches would be closed, the Mitiamo branch would most probably continue to carry on business."

Despite whatever worries were being caused by the crops, the banks, or the weather, there were other distractions that would lift the spirits of the residents of the Terricks plains. When they were not far too busy on their own farms, and when the soil was sufficiently moist "to show first-class ploughing to good advantage", they held ploughing matches. Matches took place on local farms which volunteered for these events. Excellent prizes were offered, attracting as many as thirty competitors to take part, and drawing the support of a large crowd of spectators. Local Racing Clubs were also formed, and meetings were held for such special occasions as the Queen's Birthday. Then, there were church luncheons, school picnics, concerts, and the like, and at the end of almost any event it seems, as reported by the *Bendigo Advertiser* on 7 June 1879, "After the entertainment was over the followers of Terpsichore kept the dancing up into the small hours, many not getting home until the morning star had shown his face once more on this side of the sphere."

Fortunately, 1879 was a reasonably good year on the Terricks plains, but there is more to be said about it than can be recorded in this issue of the *Locky News*. It will need to wait for next time.

Bye until then,

Marg O'Brien.

- Pay attention to traffic
- Walk on the sidewalk whenever possible
- Walk single file
- Remember that motorists might not see you

**Don't...**

- Walk with your back to oncoming traffic
- Forget to watch for other pedestrians and cyclists
- Wear dark colors, especially at night
- Listen to loud music or look at your phone

Please, people who walk or run on roads which do not have footpaths go along the side facing the traffic, so you can see them and they can see you, and make sure the sun is not dazzling for the drivers. You aren't breaking the law by doing this. Wearing a safety vest or similar coloured clothing is also a good idea. Dark colours can make you hard to see.

*Beryl Marshall.*

Walking comprises the largest transport mode because almost everyone is a pedestrian at some stage in their journey. Walking and cycling can provide many benefits, including improved health, and reduced pollution and congestion. However, pedestrians and cyclists are vulnerable road users, as they have little or no protection in the event of a collision. Certain groups of pedestrians are particularly vulnerable, such as the elderly, the young and those who are impaired (for example by alcohol or drugs). There has been a steady decline in the number of pedestrian fatalities over the last decade. However, in 2016 there were 182 pedestrian fatalities (14% of all fatalities), an increase for the second year in a row. Pedestrian fatalities and serious injuries are most common in major cities and towns (including on local roads, and higher volume roads with mixed traffic use), but also occur in more remote locations.

## **EULOGY OF ALYS KATHLEEN EDWARDS** by Lynette Whaley, daughter

As her daughter, how would I describe her? Well, it's a bit tricky so the best illustration I can come up with would be that to me she was like a block of Carmello chocolate - a bit hard on the outside, but very soft inside. She was hard working, feisty, impatient, tenacious, competitive, creative, a sportswoman, musician, cook, but primarily, she was a perfectionist. She liked to take charge, no matter the setting, and her way was the right way! If she was able to analyze herself, I am sure she would have recognised that setting such high standards for herself was a very stressful way to live.

Mum's early life on the family farm at Durham Ox was a difficult one. She had four sisters and two brothers. With the death of her eldest brother, Toby, due to a cricket injury in 1934, her father took Mum to be his farm hand when she was 9 years old. Before and after school, Mum and the girls milked the cows by hand and tended to the pigs. She learned a lot about farming and Pa relied on her help. Her mother died in 1953 and her father in 1965. My only memory of the Durham Ox farm was the firm instruction from Pa Edwards to keep well away from the ferrets!

In her single days, Mum worked as a Postal Driver in Pyramid Hill and joined the Air Force during the War serving as a driver.

Mum married Arthur in May 1948 at Pyramid Hill and they lived in Lockington. Mum knew a lot about farming and "tutored" Dad. Dad and his brother George were growing tomatoes on the farm at that time, but later on Mum and Dad developed it into a dairy farm. Mum didn't know much about housekeeping, so she set about learning to cook, sew, and maintain a home. She was a quick learner and her cooking skills were outstanding - her cream sponges were legendary. All the grandchildren looked forward to visiting Nana as her fridge and cupboards were always choc-a-block with yummy slices, biscuits, and cakes.

She learned to sew and knit and made most of our clothes. She always had darning on the go - a dying art these days! Her patience was sorely tested when she was teaching me to knit right-handed instead of my natural left-handedness! I learned quickly to avoid being yelled at!

She hated having a debt on the farm and it was decided that Dad should go out contract hay baling while she would take over the milking and farm duties. Kevin and I were little tackers then and she took us to the dairy and stood us in the corner of the dairy in large cream cans - water in the can in summer to keep cool and blankets in winter to keep warm. In summer she would ensure we were in the cans while she went about killing snakes before the cows came in to milk! I honestly don't know how she did it!

She was a very good sportswoman excelling at tennis, golf and lawn bowls. Again, she was very competitive and liked to win. She established a lawn tennis court next to the house at Locky and there were lots of very keen competitions held there. However, when the younger brigade started winning games, she couldn't put up with that, so she planted trees on the court and established a garden featuring her favourite plants - Red Hot

Pokers and Gladiolas. Her granddaughter Rachael remembers Nana when each time they were playing the board game Ludo she would say, "Now I have read the rules and we play it this way" - always to Nan's advantage! Rachael was also amazed at how fast she could shuffle a deck of cards. She played cards at the Anglican Church in Locky each week and if she had a bad night, we would hear all about the cheats!

Later on Mum worked away from the farm at a factory making uniforms, on a tomato picking machine plus training and working as a herd tester.

Her involvement in the community was quite staggering. She was an active member of the Lockington Anglican Church and all the tasks involved with that. She was a Leader of the Anglican Girls' Friendly Society. She helped with the Lockington publication of Community News, delivered Meals on Wheels, was a member of the Country Women's Association, she performed at local concerts playing her piano accordion and singing and yodeling. She also just quietly went about assisting anyone in the community who needed help. When my husband Richard was working with Prison Fellowship Mum organised many ladies to bake biscuits for gifting to prisoners at Easter and Christmas. Mum held leadership positions at the Golf Club and Tennis Club, but a lot of her time and energy went into the Bowling Club. She held leadership positions there and was awarded Life Membership. Further afield she served as President of the Campaspe Valley Ladies Bowls Association.

She loved all her grandchildren and they brought her great joy. They were fortunate to know her while she was still in her prime. She didn't stand any nonsense, but she was so very generous to them all. When Damien, our first child was born in 1975, Mum insisted on driving to Melbourne a couple of times to babysit this treasure as nobody could do it as well as her! We really appreciated this generosity knowing it was a great sacrifice for Mum because she was terrified of Melbourne. Sadly, however, by the time great grandchildren came along, she wasn't quite as "with it".

Mum suffered many health issues both physically and mentally over the years, but she was very stoic and on recovery, just kept going. Sadly dementia started to affect her and she was regularly hospitalised then returned home and tried to do all her normal chores, but kept falling. Dad could not care for her any longer, so she was admitted to Tongala Aged Care Facility in 2008. Initially, she didn't like the restrictions to her lifestyle, but over the 12 years she was there she slowly deteriorated. It was so very sad to see such a vibrant woman cut down by this horrible affliction. She hasn't known any of us for the last 6 years, so there has been a long period of mourning for us. I believe that death for Mum was a "blessed release" and death marked the moment when the restrictions of this life ended and she became free at least. Although we didn't know it, we discovered that Mum had a deep faith and her trust in Jesus gave her the assurance that she was going to a new and better world to be with her Lord and Master.

To close, I would like to share a poem that is just so Mum:

**LOCKINGTON ANNUAL VINTAGE STEAM RALLY**

Good crowds “Unlocked their lockdown in Lockington” over ANZAC week-end attending our Lockington & District Living Heritage Complex’ Vintage Machinery Rally. Working exhibits of vintage trucks, tractors, farm machinery, stationery and miniature engines, vintage and classic cars came from near and far to fill to capacity the show area. Delightful music floated through the air thanks to 3 members of the Australian Mechanical Organ Society playing two organ grinders. The smell of Lockington Lions Club barbeque attracted people, plus taste buds were stimulated with the kitchen’s Devonshire tea, delicious soups, and Sunday roast by the Chefs of the Complex.

A big thank you to all who attended, to those involved, to the fabulous volunteers and Lockington Play Group parents, Bendigo Bank, Shire of Campaspe, and for lovely weather. All these enabled the Rally to be a huge success.

## LOCKINGTON CONSOLIDATED SCHOOL NEWS

### Sporting News

This week we had 3 teams represent LCS at the Soccer carnival held in Moama on Wednesday. Overall there were 27 teams entered from local schools. It was so nice to see everyone having fun and cheering each other on.

### In the classroom

Our Grade 1 and 2 classes have been learning all about 2D shapes. Here they are consolidating their knowledge in a very creative way, having a lot of fun!

The link to the online survey is:

Survey responses are to be completed by the 14th of May – to allow time to compile the results for the report.

Thank you for your contribution

Campaspe has been identified as having a heightened risk of drowning in comparison to other similar inland Municipalities. Drowning deaths per 100 K are well above the state average.

Therefore, LSV is keen to obtain a detailed understanding of aquatic risks via a survey of relevant key stakeholders within Campaspe. The survey invites stakeholders to identify aquatic-related hazards and dangers within their local government area, and what current or recommended prevention efforts are required to negate the associated risks. Please take the opportunity to undertake the survey if water safety is an area of concern or responsibility.

## **THE EDITOR'S SNAPSHOT**

Firearms are a necessary tool in many rural areas.

All firearms users are required to be fully licenced and only be shooting in appropriate areas and with the correct authorisation.

There are very strict rules and regulations for firearms users, for very good reasons... after all, one wrong move or lapse in concentration can be fatal.

If you are a firearms user, and/or supervising junior shooters, please ensure that you are working within the rules and guidelines, not just for your own safety, but for the safety of all within our community.

Be assured, that if you choose to flaunt the rules... there are many members of our community who will not turn a blind eye to such irresponsible behaviour.

If you need to do a Gun Safety Course for getting a Firearms License, or to brush up on your firearms safety, please contact Pine Grove Gun Club. (Next course will be in July, bookings essential)

MEDIA RELEASE

**A better deal**  
for Murray Plains

Peter WALSH

MEMBER FOR MURRAY PLAINS | LEADER OF THE NATIONALS

**NATIONALS**  
for Regional Victoria

**GOVERNMENT CASHFLOW INCOMPETENCE  
IS STARTING TO COST THE SAFETY  
OF REGIONAL DRIVERS SAYS WALSH**

Billions of dollars wasted on botched major tunnel projects; millions of dollars wasted defending Daniel Andrews and his gang from fatally botched hotel quarantine and now regional Victorian drivers will pay the penalties.

Nationals Member for Murray Plains, Peter Walsh, says with no money left in the Labor Government's crippled economy, the latest solution to the decaying regional and country road network it cannot afford to upgrade is a potentially pathetic compromise.

Mr Walsh said the RACV, rather than urging the Andrews Labor Government to put money into fixing roads, is advocating for speed limits to be dropped.

He said a RACV spokesperson said lowering speed limits on back roads in the country might encourage drivers to use better standard highways.

"Unfortunately, highways in rural areas often aren't up to scratch either, and more often than not, the 'backroads' are the only way for people to get to where they need to be," Mr Walsh said.

"RACV comments that it would take too long and be too expensive to make country roads safe, shows the citycentric thinking that is leaving rural and regional Victorians behind," he said.

"Simply slowing down country drivers and not spending money to fix roads and improve safety is lazy policy and treats country people with contempt.

"The Andrews Labor Government has spent more covering cost blowouts on city infrastructure projects than it has spent in regional Victoria.

"The government must use the upcoming State Budget to fix this disgraceful imbalance and commit a significant spend on rural and regional roads to bring them up to a standard which motorists deserve."

Mr Walsh said Labor has been in government for 17 of the past 21 years and had clearly failed to maintain Victoria's regional road network.

He said the continued neglect of regional roads; while spending hand over fist in the city, is a slap in the face for Victorians who work and live in the regions.

"Regional Victorians deserve their fair share," Mr Walsh added.

"As more people leave Melbourne after continued lockdowns, our road network is only going to decline further, hampering the liveability of our country centres," he said.

"Country drivers pay their RACV membership expecting the group will lobby the government on their behalf, but the RACV's latest thoughts on country roads don't go anywhere near doing that.

"Country people deserve to have roads the same standard as their city cousins – they deserve to be able to go about their daily businesses without being slowed down because of government incompetence.

"The best way to make our roads safer is to invest in fixing them – and not just installing wire rope barriers and lowering speed limits – by actually rebuilding road surfaces and clearing vegetation from road sides."

**ABUSED WOMEN GET SHORT SHRIFT  
FROM ANDREWS LABOR GOVERNMENT**

The Nationals Member for Murray Plains, Peter Walsh, said his office has again been confronted by the human face of our domestic violence epidemic.

Mr Walsh said he could recount this woman's details; "but we have heard them all before".

He said the equally frightening outcome for this young woman and her child was to find somewhere they could feel safe and protected – and that's why she, like many before her, turned up at his office door as a last resort.

"Because in my electorate there isn't anywhere; no purpose built, secure facility and no ongoing accommodation support, for these women to use," Mr Walsh explained.

"We are seeing women with children being shunted from motel room to motel room, or sent a long way from their home town, to find short-term respite," he said.

"And very quickly they are shunted out the door and left to fend for themselves and their families; often with no money, no foreseeable income and most importantly, no safety.

"That some of these women feel they have no alternative but to go back to their abusers so they can at least put a roof over the heads of their children, and feed them, is a crime for which the system must be held responsible."

Mr Walsh said social housing must be a priority on any government's agenda – absolutely for victims of domestic violence but also for the people who, often through no fault of their own, find themselves homeless.

He said he knows in his electorate there are people living rough, and as the chill winter weather is starting to be felt; the lives of those who have slipped through the cracks in the system is about to get a lot worse.

"The Andrews Labor Government would rather blow billions of dollars on the over budget, over schedule projects that it mismanages, one after the other, such as the tunnels in Melbourne that go nowhere – except down the drain," Mr Walsh said.

"But the ultimate insult to the victims of our soaring domestic violence plague was the Andrews Labor Government being forced to admit it had spent \$12 million on lawyers to defend itself from its own inquiry into its failed hotel quarantine program," he said.

"That was more than double the budget made available to actually conduct the inquiry.

"That \$12 million was wasted on defending the indefensible.

"Instead of spending countless millions of taxpayer dollars on lawyers in shiny suits to defend its failing in hotel quarantine, this government needs to focus on the very real needs of too many Victorians.

"The \$12 million would have provided at least 40 housing units for battered women instead of paying for the Chateau Lafitte at lunch with the lawyers – or perhaps the absent Premier and his forgetful friends still can't

## LOCKINGTON BOWLS CLUB

### Report: 3.5.2021

The club held their annual Presentation evening on Sunday which attracted a large gathering of members and guests. The evening was tinged with some sadness after learning of the passing of club stalwart Joy Weller who died during the week. Club Presidents Ray Hanson and Anne Lowrie both welcomed all present and Lady President Anne Lowrie informed the gathering of the date of the Funeral for Joy Weller and then asked the members and guests to stand and observe a minute's silence in respect.

The lady President proceeded to present the awards for the season 2020/2021

**Runners Up:** Anne Lowrie - Lorraine Appleby (s).

Pauline Humbert presented the weekly Vouchers to several women. Denise Gilmore (8) and Sue Harris (5) dominated the awards.

Club President Ray Hanson then proceeded to present awards for the Men's section.

**Club Champion:** Russell Shawcross.

**Runner Up:** Graeme Turner.

**B Grade Champion:** Dave Thomas.

**Runner Up:** Owen "Smiley" McPhee.

**21 Up Presidents Trophy:** Brian Kinnane.

**Runner Up:** Tom Davis.

**100 Up Championship:** Phillip Cunnington.

**Runner Up:** Leon Laffy.

Hanson also congratulated the victorious Division Four Pennant Premier players on a successful season.

All present were treated to a wholesome meal provided by the Tongala Catering Service.

Hanson thanked the catering service for the excellent meal and also thanked the Greens staff Kevin Humbert and Les Brereton for the effort and care of the greens. As one commented "the second to best in the CVBD". The Ladies committee were thanked for their ongoing contribution to the success of the Lockington Bowls Club.

Over the past week members have attended tournaments at Pyramid Hill and Ky Valley View. No luck at the Valley but the tide changed a little at Pyramid Hill. Playing in the Seafood Open Fours, the rink came home with the fruit salad - one win, one loss and a tie.

The final night of the Barefoot Bowls was played on Tuesday evening with 18 players in action. The winning trio comprised Russell Shawcross, Jodie Verhey and Brett Munro (s) on 2 wins plus 6 shots. The club thanked all the players who participated over the eight week program and will resume the Barefoot Bowls format next season.

At the BowlsVic State Pennant Championships held at Moama Bowling Club last Monday/Tuesday, the Bendigo/Campaspe representatives - Kangaroo Flat finished with a mixed bag of success. The final was played out between Port Melbourne and Karingal with Port Melbourne winning the final 46-36.

On the week-end the Bowls Vic Regional Sides championship was played at the East Shepparton Bowls Club in addition to the Shepparton Golf and Shepparton Park Bowling Clubs. The Bendigo/Campaspe Region representative teams performed well with the women's team

almost making the final. After losing just two matches, they finished up one point behind Wimmera 15-16 in Section Two. The final between Wimmera and Ovens & Murray provided plenty of highlights with the strong O & M combination winning the State title 46-36.

In the Men's section Two, Bendigo/Campaspe finished in third position on 12 points while Eastern Ranges won the section with 16 points. In the final Eastern Ranges played the Central Goulburn Murray Bowls Region. In an absorbing game of bowls the Eastern Ranges were able to win the final by 12 shots.

### Report: 10.5.2021

It has been a fairly quiet week on the greens with several local and State tournaments being held.

Scrounge will begin on a Wednesday at 1.00pm each week. Names to be listed prior to 12.45m. Flat soled shoes to be worn and everyone is welcome.

Last Wednesday several members attended the funeral of the late Joy Weller. Members formed a Guard of Honor to farewell our popular member. Joy Weller served two terms as Lady President and also the role of Secretary plus several Committee positions. Joy was also Deputy Vice Chairperson of the Campaspe Valley Bowls Division.

The club Annual General Meeting will be held shortly. Date to be advised.

The Bowls Vic State Championships commenced last Tuesday with cool conditions welcoming the many bowlers. The Bendigo/Campaspe Regional representatives performed brilliantly with several claiming State success. Marilyn Stephenson (Moama) played some incredible bowls to win the State Singles title and was Runner Up in the State Champion of Champions. In the State Singles Stephenson defeated Judy Nardella (Metro West) in a great display of bowls from both contestants with Stephenson prevailing 25-22. The surge towards the State double was cut short when Stephenson played Carla Krisnovic in the State Champion of Champions. Stephenson gained the early break to lead 6-1 before her opponent began to display her State and National brand of draw bowling. Suddenly Stephenson was overwhelmed and had to rely on some special bowling to stay in the contest, however Krsionic was not to be denied and scored a comfortable victory 25-9 to take out the State title. Stephenson would have to be happy with her performance during the week. Lee Schraner was also a State winner claiming the State Champion of Champions. Schraner defeated Ali Forsyth 25-18 in the final. The bowling from both Schraner and Forsyth was a treat to watch as both bowlers have played big time bowls around the world.

The State Fours was represented by the Rich River rink of Gery Devlin, Colin Hayes, Peter Nesbitt and Dale Weymouth (s). In the first round they were eliminated by the Murray-Mallee team from Cohuna. Leading 13-10 after 15 ends, the Rich River team lost a couple of fours in two ends to trail 13-18 on the last end. The rink picked up a double on the final end to lose the match 15-18. A gallant display. The women were represented by the Lee Harris rink from Bendigo Bowling Club. The team won the first round match before being eliminated in the second round. In the State Triples event, the Bendigo/Campaspe team of Tait Fuller, Ian Ross, Lee Schraner (s) lost the first round to Steve Sullivan (Geelong) 12-16. An amazing game was witnessed in the Triples where the Cromie family (Yarrowonga) trio played the Cartwright family from Kyabram. The Cromie team had 18 years old Tyson as skipper with his 13 years old brother Corby as third and dad leading. They won the contest 16-4 in a cool display.

In the women's event the Kangaroo Flat trio skipped by Susan Howes won their first round 15-8 to progress to the next round.

The State championships finish on Tuesday.

Two first round handicap matchplay contests have been decided. Ron Dixon began well in his match against Des Pentreath to set up an early lead and held on to win 2 and 1. Brett Stone was too good for Mark Lyons in their match, the winning score 6 and 5.
