Hello again Everyone,

[We have reached the early 1890s, looking back at the newspapers of that time to learn how people fared in our district, from the Selection Era until Lockington was gazetted as a township.](#) Though some rain

had fallen in the region by mid-1892, at the end of July, the Terricks East correspondent wrote to the *Bendigo Independent*: - "Things in this district cannot be said to be very encouraging from a farmer's point of view." Grass was scarce, stock was in poor condition, and the crops were backward. In addition, the countryside was over-run by hares and rabbits, but this problem was being addressed. In the months between July and October, gun clubs at Tennyson, Bamawm, Pannoomilloo and Rochester held regular meetings, formed shooting parties, and shot in excess of 40,000 hares.

Initially, each day's 'catch' was sent to Melbourne by rail to be distributed to the needy. [Due to the Great Depression of the 1890s, relief organisations had been set up in Melbourne to collect funds, and to provide assistance to the unemployed and their families. Donations to these organisations, particularly those donations coming from rural centres, frequently took the form of farm produce and, as in this instance, rabbits and hares.] The newspapers have not recorded how many rabbits were accounted for by the local gun clubs, though the number would have been substantial. An item in the *Riverine Herald* on 15 August 1892, stated that the Bamawm Gun Club had despatched away 900 hares to several hospitals and benevolent institutions, and the Editor suggested that the Echuca hospital might appreciate a donation of that kind. A "quantity of hares" was sent from Bamawm to the District Hospital the following week.

On 10 August 1892, the Milloo correspondent reported to the *Bendigo Advertiser* that an inch [25 mm] of rain had fallen that week and it was hoped that the crops might show some improvement. Two weeks later, the local correspondent to the *Kerang Times* wrote that, at Terrick Terrick, crops were "fully a month later this year" than was usual; that frosts were affecting the young grass, and that cattle and sheep were not fattening as well as in other years. The correspondent, who wrote from Bamawm to the *Riverine Herald* at about that same time, was a little more optimistic, stating: - "During the last week there have been splendid rains which were of great benefit to the grass and crops ... Stock of all descriptions are improving." The Rochester correspondent to the *Bendigo Advertiser* was even more encouraging, reporting on 1 September 1892, "The late heavy rains have been of much advantage to the district, all the dams now being well supplied with water, the ground put into easy condition for ploughing, and the growth of grass so assisted that there is a promise of an excellent stock and profitable dairying season. In

some of the paddocks in Pannoomilloo and Diggara the young crops have already shot up to a most satisfactory extent..."

During August 1892, the district lost two highly regarded residents. Mr Thomas C Park, head teacher of the Pannoomilloo State school, died on 5 August, after having suffered for some time from consumption. He was 36 years of age and left a widow, Emma (daughter of Mr Henry M Ham, of Pannoomilloo) and three children. At Terricks East, Mrs Maggie McIntyre (nee D'Arcy) had died, also following a fairly long illness. She was aged 31 years, and she and Mr James McIntyre had married just four years earlier. Mrs McIntyre came originally from Greendale, near Ballan, Victoria.

On Friday, 16 September 1892, the *Bendigo Advertiser* carried news of a near-disaster. "An accident occurred at Tennyson on Tuesday night last, which might have been attended with more serious consequences. It appears that Mr Munro [of Milloo] had sent his son, a lad of some nine years, to the Tennyson Junction Store, kept by Mrs O'Brien, for some gunpowder, and in the absence of Mrs O'Brien, her son, a lad of nine years of age, got from the cellar where it is kept, a 7-lb. tin of powder, from which he weighed out half a pound. During the operation, the candle which he had alight went out. He lit a match to relight it, and it is supposed some of the fire from the match must have ignited the powder, as an explosion followed. From what could be gleaned from the lad Munro, who was standing opposite to and facing the door, it appears that although not at all hurt, he was hurled through the doorway on to the road. He got up, jumped on to a horse and rode immediately for home and acquainted his parents of the affair. His father at once proceeded to the store and found the lad O'Brien under the care of a neighbour, Mrs Allan, and, strange to say, with only the loss of his eye-brows and lashes and a slight burn over the right eye and down the cheek. He did not seem to suffer any other injury. The shop was in a complete state of confusion. The whole of the things that had been hanging from the ceilings and resting on the shelves were in one confused mass on the floor, while the front window was completely blown out. Respecting this accident there is a diversity of opinion as to whether there was so much powder left in the tin as supposed, as it is naturally thought that, had there been, the whole of the building, which was composed of corrugated iron, would have been blown down, and further the reason it is thought that the lads were not seriously injured, is the fact of their being so young and small, reaching slightly over the counter. But be that as it may, from the appearance of the place, and taking all the circumstances into consideration, the lads have had a wonderful escape."

That is enough excitement for now. 'Bye until next time,

Marg O'Brien.

ALF PARSONS IS A NOMINEE IN THE RIVERINE HERALD'S 'SPIRIT OF SPORT'

Earlier this year Equestrian Victoria acknowledged Alf, formerly of Lockington, with an Equestrian Victoria Lifetime Service to Sport, quoting: "Alf has given a lifetime to the Australian Jumping and wider equestrian community. He has been a sought after professional course builder from grass roots through to our highest level of Grand Prix and World Cup jumping. He's been a true leader in the sport, always willing to take a back seat to support others in the interests of the job being done well and providing the opportunity for others to learn. Alf has built at World Cup shows for many years including Sale, Wodonga, and Melbourne Royal and has written and contributed to books on jumping and its history in Australia.

Alf has mentored many of our builders past and present, and added significantly to rider development at all levels." *Congratulations Alf.*

MILLOO CWA REPORT

The November meeting was our AGM. Echuca Group President Delia Currie was in attendance, her secretary after a misadventure and now wearing a moon boot was unable to attend. Delia informed us that there is only four branches in Echuca Group with the closure of Boobook Branch at Deniliquin.

The Secretary's report revealed that we had given cash donations in excess of \$1000 and installed new blinds in our meeting room at Milloo Hall which were kindly donated by Bunnings so we only had to pay to have them installed, a considerable amount was also given in kind.

Delia was presented with a small gift and also one for her secretary Barbara.

Following a bring and share lunch we held our general meeting where we prepared our syllabus for 2023.

After much discussion it was decided not to hold a function on Australia Day as some members would not be able to attend and some don't like driving at night.

For our Christmas break up lunch we are going to the Victoria Hotel at Elmore on the 8th December.

LETTER TO THE LOCKINGTON COMMUNITY

Locky locals have more than taken up the challenge of supporting the "Displaced" flooded local people of Rochy. We could not imagine or anticipate the impact on your town, but you coped with us, and the outside public with true "Aussie Spirit" at an extremely stressful traumatic time.

You took us in and provided for us without question, at a time when we could not think for ourselves.

We did not realise the extra work we had given your community at one of the busiest times of the year in a farming community, plus enduring the extreme weather events. Our appreciation and thanks will never be truly realized by your community.

We are so very privileged and grateful to you all for everything you have done for us all - we cannot thank you enough.

From "The Rochester Gang"

LOCKINGTON CONSOLIDATED SCHOOL NEWS

A very busy week here at LCS!

We had our Grade 6 students attend the Energy Breakthrough in Maryborough and our Grade 3/4 students head to Ballarat to Sovereign Hill.

Students had a fantastic time in Ballarat as they stepped back in time and enjoyed all things that Sovereign Hill had to offer.

Our Grade 6 students represented the school admirably in Maryborough as they put themselves through all the challenges of the Energy Breakthrough.

Thanks to all the parents helpers that accompanied the staff and students on both events.

Thunderstorm Asthma

Thunderstorm asthma is triggered by a particular type of thunderstorm when there is high amounts of grass pollen in the air (typically between October and end December).

It can result in people wheezing, feeling short of breath, and tight in the chest with coughing. This can be sudden, serious and even life threatening.

Asthma first aid can save someone's life. Do not wait until asthma is severe to start first aid. If you think someone is having an asthma attack you can assist with the 4 steps of asthma first aid.

For those with asthma please check that you have a spacer and that you have Ventolin and it is not expired.

Thunderstorm asthma does NOT just affect those with asthma or other lung conditions.

4 STEPS OF ASTHMA FIRST AID

	1	Sit the person upright
	2	Give 4 separate puffs of blue/grey reliever puffer – Shake puffer – Put 1 puff into spacer – Take 4 breaths from spacer Repeat until 4 puffs have been taken Remember: shake, 1 puff, 4 breaths <small>OR give 2 separate doses of a Bricanyl inhaler (age 6 & over) or a Symbicort inhaler (over 12)</small>
	3	Wait 4 minutes If there is no improvement, give 4 more separate puffs of blue/grey reliever as above <small>OR give 1 more dose of Bricanyl or Symbicort inhaler</small>
	4	If there is still no improvement dial Triple Zero (000) for an ambulance Keep giving 4 separate puffs every 4 minutes until emergency assistance arrives <small>OR 1 dose of Bricanyl or Symbicort every 4 minutes – up to 3 more doses of Symbicort</small>

Call emergency assistance immediately. Dial Triple Zero (000):

- If the person is not breathing.
- If the person's asthma suddenly becomes worse, or is not improving.
- If the person is having an asthma attack and a reliever is not available.
- If you are not sure if it's asthma.
- If the person is known to have anaphylaxis – follow their Anaphylaxis Action Plan, then give Asthma First Aid. Blue/grey reliever medication is unlikely to harm, even if the person does not have asthma.

Fun for Seniors

SENIOR CITIZENS REPORT

On Wednesday 9th November thirteen members visited "Campaspe Run" at Elmore. This is an excellent collection of machinery and other items from the past. This display focuses on the history of the "Sunshine Harvester" invented by local Hugh Victor McKay.

Following our visit there we went to the Victoria Hotel for a delicious lunch.

A most enjoyable day out.
