## LOCKINGTON VINTAGE RALLY - THIS WEEKEND!

Lockington will come alive with the sights and sounds of yesteryear this weekend.

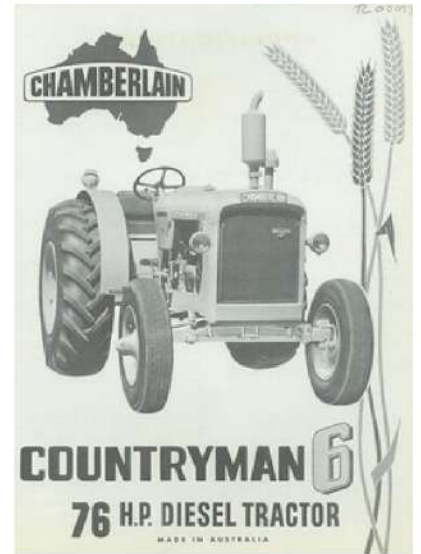

The 26th Annual Lockington Vintage Rally takes place from 9am to 4pm over two days and showcases an array of old-time vehicles, machinery and engines including tractors, farm equipment, trucks, cars and motorcycles.

This year's rally will shine a spotlight on Chamberlain, an iconic Australian tractor manufacturer celebrating it's 75th anniversary in 2024.

There will be a Grand Parade at 11am and 2pm daily, and a feature Show N Shine from 9am to 1pm on Sunday offering an array of prizes for participants.

The celebrations extend beyond the rally grounds too, with the Locky Blocks LEGO Display (gold coin donation) at the Lockington Community Centre from 10am to 4pm on Saturday - including a build area and LEGO for sale.

There is a Ukulele Concert at the Living Heritage Complex at 7.30pm on Saturday night (gold coin donation) and a free Art Display in the Plumber's Shed on both Saturday and Sunday.

# LOCKINGTON - LINES IN TIME

Hello again everyone,

We have reached November 1903, as we look back at the early newspapers to learn how the people of this district were faring.

It had been a year which saw a number of the region's earliest selector settlers pass away, among them Mrs Catherine Joyce of Pannooamawm, who died aged 93 years, in April 1903. Mr Ely B Lumb of Pine Grove, a resident of that district for thirty years, also died in April, and Mr Thomas Hymers of Wanurp, who had taken up his selection there in 1875, passed away in May.

Later that month, Mr Daniel Hogarth, formerly of Milloo, died at Bendigo. Mrs Mary O'Gorman, who with her late husband had lived for many years at the Terricks, died at Rochester on 18 July. Mr Matthew Pollock, one of the oldest residents of Terricks East, died suddenly at his home on 1 August 1903, and on 7 September, Miss Janet H Henderson of Pannooamawm, passed away, aged just 29 years. In mid-September, Diggora lost Mr James Buchanan, and his death was followed by that of his wife, in November 1903.

Earlier in the year, there had been high hopes of a record harvest in the region, but storms in October brought damaging hail giving cause for concern. Furthermore, on 7 November 1903, the Elmore Standard reported that across the district, rust was being detected in the wheat crops and 'dead heads' were found to be more common in crops than usual. However, there was abundant grass, and hay returns were 'quite up to expectations', according to an item in the Argus on 25 November 1903. Caterpillars appeared but, despite these and the rust, there were still some excellent crops about. Throughout the Rochester district, according to the Age, on 24 December 1903, dairy herds were improving and "Prosperity is on every side, and with every prospect of continuing."

Then, on 27 December 1903, it began to rain and it continued raining quite heavily at times. On 2 January 1904, the Elmore Standard reported: - "Diggora experienced quite a flood, and at Pannoomiloo there was a sea of water on every side.

At Bamawm fully five inches [125 mms] have fallen during the last ten days." On 9 January, commenting further on the weather conditions, the Standard reads: - "At Pine Grove the rain was exceptionally heavy, consequently the damage done was very great. Some of the crops have the appearance of being totally ruined. Tennyson came in for a fair share of the downpour, which has done a great deal of damage to the standing crops, and the wheat stacks have had to be moved so as to enable them to dry."

From the Kerang New Times of 8 January 1904, came the following statement: - "The rainfall at Pine Grove was of a phenomenal nature, totalling 11¼ inches [approx. 280 mms]. On Saturday 3in [75 mms] fell in an hour, which submerged the paddocks, giving them the appearance of large lakes.

At Tennyson, Saturday's rain totalled 2 inches 33 points, [approx. 59 mms] and Bamawm 2 inches 25 points [approx 58 mms]. Many of the crops in these districts are in a sad plight, and in all probability the loss will be very serious."

[Perhaps, if news of the rain had reached Melbourne, the following report might have been amended?] On 2 January 1904, commenting on the harvest season in the Rochester district, the Melbourne Leader stated that "the parishes of Milloo, Bamawm, Diggora and Pine Grove will have an average return of 5 bags of wheat per acre, and of oats 9 to 10 bags per acre.

Besides, even the smallest farmers have very large stacks of hay. Old grass is abundant, and a splendid growth of green grass has come since the last rain. The dairy herds are being made up, and the separators are again working."

However, the Editor of the Elmore Standard would have been more familiar with local weather, when he wrote that, in Diggora: - "Mr Cox has been enabled to harvest 73 bags of wheat a day with his new Sunshine harvester. The many advantages of this machine over the ordinary stripper have been very noticeable this harvest." The Editor commented that, in his opinion, "very few will be bothered with the stripper after this season."

While the harvest that year was not a total loss, it did not meet expectations. Due to the rain, its completion would be late and, well into January 1904, there was still very little wheat being delivered to the various railway station yards. As reported in the Bendigo Advertiser on 21 January, "Considerable dissatisfaction exists amongst farmers because buyers are offering 3d per bushel less for bleached wheat than for wheat harvested before the rain. Buyers, too, are complaining because they can only with great difficulty dispose of second-class wheat, even at reduced prices."

However, there were some good reports. On 23 January, the Elmore Standard quoted its Warragamba correspondent saying that grass there was growing well, and the milk supply at the local creamery was increasing; and on 6 February, the Standard published a report from Bamawm, that the local vineyard was in splendid order, the almond trees bore a record load of almonds, and rockmelons and watermelons, were of excellent quality.

January 1904 was a special month for two of Diggora's young ladies. On 18 January, at the Sacred Heart Church, St Kilda, Miss Mary Theresa (Dollie) Kildea, daughter of Mr J Kildea of Diggora, married Mounted-Constable Michael Bell (for some years stationed at Rochester), son of Mr Patrick Bell of Cranbourne.

Then, on 27 January, at the Brigidine Convent, Echuca, Miss Mollie Quinn, daughter of Mrs W Quinn of Diggora, was professed as Sister M Anthony.

That takes us a very little way into 1904, but there will be more next time. 'Bye,

- Marg O'Brien

## LOCKINGTON PLACE BASED PLAN COMMITTEE ANNOUNCED

Campaspe Shire Council has moved forward with the development of the Lockington Place-Based Plan by appointing members to the Place-Based Plan Committee.

Campaspe Shire Mayor Rob Amos noted a good response to the call for nominations. "We received 15 expressions of interest from community members keen to participate in the Place-Based Plan Committee, from which a nine-member committee has been chosen.

"The newly appointed Committee comprises a diverse group of community members, including individuals involved in sports clubs, agriculture, arts and culture organisations, local businesses, schools, and community groups," Cr Amos said.

The selection process considered factors such as age and gender balance and aimed to reflect Council's Communities of Priority criteria outlined in the Council Access and Inclusion Strategy, which encompasses youth, CALD (Culturally and Linguistically Diverse) individuals, seniors, people with mental illness or their caregivers, the socially disadvantaged, women, people with disabilities, and the LGBTIQ+ community.

"We want to assure the wider community that there will be ample opportunities to provide input during the plan's development. You can share your thoughts and ideas both online and in person at various stages throughout the process."

Since 2017, Place Based Planning has been used by Council to engage the community and to understand the community's future aspirations. It's a way for Council and the community to develop a shared vision for their town.

"The Committee will work collaboratively with the community, consultants and Council to develop the plan, and once endorsed by Council, we will endeavour to help them secure funding and implement the identified actions," Cr Amos said.

The Lockington Place Based Plan Committee comprises nine members: Colin Bacon, Bridie Boyle, Monica Brereton, John Ciurleo, Joseph Halloway, Janelle Mancer, Wendy Sims, Dan Walker and Graeme Wood.

Councillor for Western Ward, Cr Leanne Pentreath said she was excited to see the Committee appointed in the first steps to getting the Place Based Plan started.

"The Lockington community should be commended for its eagerness to be involved in the development of its Place Based Plan. The process of developing the plan will ensure that the community aspirations are accomplished," said Cr Pentreath.

## Rochester Bowen Therapy

Servicing Rochester, Lockington and surrounding districts

Bowen Therapy is a dynamic system of physical muscle and connective tissue therapy that uses small, measured moves on the body to stimulate the body to heal itself naturally. It can provide relief for many types of injuries and other health problems, both acute and chronic, and it does so holistically, via the body's innate healing mechanisms. The practitioner's moves deliver signals to the nervous system at specific locations (on muscles, tendons, ligaments, or nerves), and the body responds in its own time, within its vital capacity.

#### BOWENWORK™ provides effective treatment for:

**FOSTERVILLE GOLD MINE NOTIFICATION TO LANDHOLDERS**

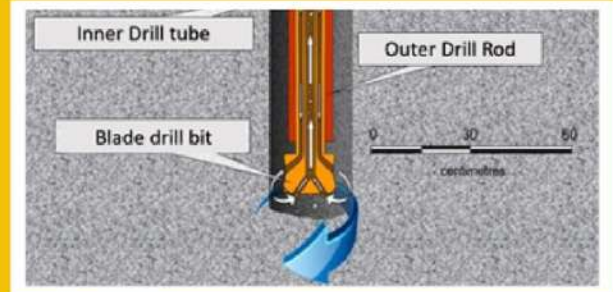

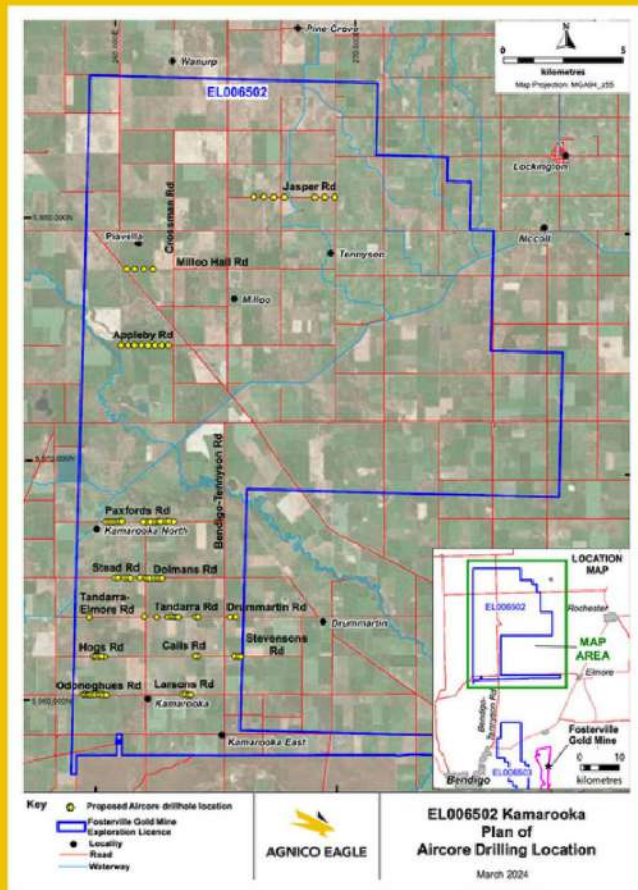

**Air Core Drilling Program**

In the coming weeks, Fosterville Gold Mine will commence an Air Core Drilling program within public road reserves in the Kamarooka and Milloo areas.

**What is Air Core Drilling?**

Air Core (AC) drilling is a rotary type of drilling, in which broken rock from the cutting face passes to the surface inside a separate tube within the drill stem using compressed air.

**Where will the Air Core drilling program take place?**

Air Core Drilling.

**Why use AC drilling?**

It is a relatively quick method of drilling where holes can be completed in less than one day reducing the period of disruption and potential impacts for land users and landholders. AC drilling utilises a smaller footprint and faster processes than alternative exploration drilling methods (eg diamond or reverse circulation).

**What's involved in the survey?**

You may see two trucks, one with a mounted drill rig and two light vehicles with up to eight people in highly visible clothing working along roadsides, within council reserves. The soil and rock chips are collected and removed from the site, and multiple holes may be drilled in rapid succession. The drilling footprint will be approximately 10m x 40m. Upon completion, the drill hole will be grouted to 1m below the surface and then backfilled with soil. The rehabilitation of all drill sites will be monitored in accordance with the Victorian Code of Practice for Mineral Exploration.

**When will the program take place?**

The Air Core program will commence in early April 2024 and will take approximately 2 months to complete.

Scan the QR code to see an AC drill rig operating.

## REDHS CEO Departs

The REDHS Board has today announced Karen Laing has resigned as the Chief Executive Officer of REDHS.

Karen will be stepping down from her role, effective 3 May 2024, as she takes up a new Director role with Bellarine Community Health. Karen joined REDHS as CEO just over four years ago, a start date that aligned with the beginning of the COVID pandemic.

This was a challenging time for REDHS, the health sector and the whole community as the prevention and management of COVID became a huge part of our daily lives.

*pictured: Karen Laing, outgoing CEO*

On behalf of the Board, I thank Karen for her leadership and stewardship of the health service through this time.

The board is also particularly grateful for Karen's leadership, coordination and governance of the health service in response to the October 2022 flood event. This includes the safe evacuation of patients, residents and staff from the facility along with the ongoing response to reinstate services to our community.

I particularly want to thank Karen for her passion and strong advocacy during this time to ensure all of services provided by REDHS are returned in the flood recovery.

Karen's experience, passion, knowledge and insights will be greatly missed. The Board and the whole REDHS community wish Karen well as she moves to the next phase of her career.

The Board has appointed Darren Clark as Interim CEO. Darren has been our Director of Clinical Services for a number of years, and has extensive experience in the aged care and health sector. The Board is fully supportive of Darren stepping up into the role whilst recruitment for a new CEO gets underway.

As REDHS moves forward, our commitment to providing health services to the Rochester, Elmore and surrounding communities remains unwavering. We are confident that our strong leadership team, coupled with the remarkable talents of our employees, will continue to propel REDHS toward a bright future.

## FUNDING DECISION UNDERLINES WATER MISUNDERSTANDING

The Albanese Government will continue to fund critical water-saving projects in Victoria despite Victorian Water Minister Harriet Shing refusing to sign up to Labor's disastrous reworking of the Murray Darling Basin Plan and opposing damaging water buybacks.

That's according to Nationals Federal Member for Nicholls, Sam Birrell.

He said Federal Water Minister, Tanya Plibersek has finally caved in, accepting what was patently obvious to anyone with experience in water; that Sustainable Diversion Limit Adjustment Mechanism (SDLAM) projects are fundamental to achieving good environmental outcomes in a sustainable way.

"From the outset, Minister Plibersek has sought to recast the completion of the Basin Plan as a climate-induced environmental emergency requiring water to be quickly recovered through massive water purchases.

"Victoria knows from bitter experience that water buybacks are destructive and should be a last resort, they take water from the consumptive pool, reduce productivity and jobs, and hollow out small communities," Mr Birrell said.

"The federal government is trying to frame this as Victoria signing up to the Basin Plan, the opposite is true, and both government and opposition in Victoria remain steadfast in their opposition to water buybacks."

Unlike other states, Victoria has not signed up to the Basin Plan in return for SDLAM funding.

"Victoria has done more than any other state to return water to the environment.

"The Connections project in the Goulburn Murray Irrigation District was the largest irrigation modernisation project in Australian history and exceeded its water recovery target, delivering 434 gigalitres for the environment," he said.

"SDLAM projects support the long-term viability of basin communities and agricultural production while also delivering water for the environment, something Minister Plibersek should have understood from the start."

# LOCKINGTON BOWLS CLUB

16 APRIL

**There was plenty of movement at the Lockington Bowls Club this past week as the brilliant weather brought a lot of sunshine to make the greens run truly.**

At the Tuesday weekly bowls for the women, ideal conditions saw the cream rise to the top with the "fab four" comprising Margaret Dowie, Annie Haines, Pauline Humbert, Denis Gilmore (s) steamrolling the opposition on the day to take home the spoils. Daylight second.

On Tuesday evening the Barefoot bowls attracted a record 66 people including 42 bowlers on the green to show the appreciation to the Club Sponsors who attended the night and participated in the bowls. The evening was a great success and the club thanked Cindy Felmingham, Mary Thomas, Lloyd Buchanan and helpers for organising the cards and meals.

On the green the bowling was very competitive with only one two game winner taking home the lion's share of the chocolates. The winning team comprised Michael "Tiger" Lyons, Mark "Bricka" Lyons, Shane Howe and Neil Haines (s) 2 wins plus 3 shots. Next best was the four in John Whiteside, Graeme Wood, John Dowie, Brooke Coghill (s) 1 win/1 loss +6.

At the presentations Dave Thomas spoke on behalf of the club along with Club President Neil Haines to sincerely thank the sponsors for their continued support. Sponsors in attendance included Pattison Finance, Matt Lewis Contracting, Ian Maddison representing Elmore/Lockington/Rochester branches of the Bendigo Bank, Steve McKee - McKee Ag, Petstock - Echuca, Fonterra and J Whiteside Heating & Cooling.

A special mention was the significant sponsorship from Cindy & Shane Felmingham and family in supporting the Barefoot bowls series over the past twenty-three weeks of competition with no charge for players. A truly great effort and the club is forever thankful.

Over the course of the Barefoot series, there was a secret awarding of votes for the Most Consistent Player. The trend of voting changed on several occasions and the winner of the title was John Andrea 17 votes, closely followed by Ian Haines 16, Shane Felmingham 15, Steve Pavone 13, Ian Staig, Jeff Carnie 11, Terrill Westwood 10, Anthony Westwood 10, Steve Nolan 10 and Nat McLaughlin 8.

Barefoot bowls will continue (weather permitting) on a Tuesday evening with names to be listed by 6.30 for a 7pm start.

22 APRIL

**Another rather hectic week on the bowling green with several championship games being completed before the Presentation Night on Sunday.**

First up was the Women's 100 Up Championship Final between Lady President Denise Gilmore and promising newcomer Cindy Felmingham (pictured). Right from the first bowl the action was electric with both bowlers trading ends with precision bowling and close heads. Eventually Felmingham executed some immaculate draw bowling to take the initiative and scored a 100-85 victory.

On Wednesday afternoon John Dowie and John Fisher (pictured) competed for the B Grade Championship in a game that produced some extraordinary bowling from both players. The wily Dowie excited onlookers, starting brilliantly to lead 19-9 after 17 ends. Fisher tried desperately to bridge the gap and levelled the score at 20-all on 25 ends.

Scores were even on three occasions but Dowie gained the ascendancy to win the championship title 25-24.

The Presidents Trophy 21 Up Championship on Friday was a family affair with Jenny and John Fisher competed against one another. The scoreboard was fairly even in the early stages of the game as John was able to hold a slender lead of 8-6 after 13 ends in an absorbing game of bowls.

Not to be denied, Jenny gained the mat and reduced the lead and actually took a 13-11 advantage on 20 ends. The lead see-sawed before scores were level once more at 18 - all and the game was up for grabs. John picked up three shots over the final two ends to win a thriller 21-18 and take out the Presidents Trophy. Both bowlers were applauded as they left the green.

At the Social Bowls on Saturday Denise Gilmore and Annie Haines combined brilliantly to defeat Neil Haines and Frank Chugg in effortless fashion.

Some 60 members and guests attend the Annual Presentation Evening on Sunday including Life Members Roy Perks, Les Brereton and Alan Kauffman *(due to space restrictions a full report, including photos, will appear in the next Locky News.)*

Barefoot bowls attracted a smaller field due to the cold weather conditions, but the bowling was really hot. The winners of the night were Peter Egan, Graeme Wood and Poss Andrea (s) 2 wins plus 9 shots.

Members attended the Hilltop (Tatura) Triples recently. Sue Evans, Cindy Felmingham Kim Ray (s) won the Runners Up trophies. Well done.

Jason Wakefield won A Grade with 34 points, on a countback from Terry Thomas. Steve Holt won B Grade with 35 points, in a tale of two contrasting 9s, only 11 points on his first 9, but a fantastic 24 points on his second 9, with a birdie and 5 pars.
